# Falling In Time

## Synopsis

It was as if sheâ™d stepped into her own story...Aspiring writer Lindy Lovejoy knows all about happy endings. But when she travels to Scotland to research Celtic myth and lore, she never expected a chance to live her own. Until a stop at mystical Smoo Cave whisks her back in time and into the arms of a Highland hero whoâ™d burn up the pages of the steamiest Scottish romance novel."Welfonder pens enchanting romance of lovers from different times." ~ Fresh

FictionIMPORTANT: Please be aware that, as noted below in 'From the Author,' this is a SHORT STORY. It was originally published in the Mammoth Book of Time Travel Romance, a huge anthology of short stories. Mammoth anthologies have a strict word count, hence the short length. Please note as well, that there are excerpts to other books at the end of Falling in Time. These are included in the hope of interesting readers in my other work. Falling in Time is a quick read, but remains a story that I truly adore, however brief. I hope that readers will enjoy it as such, a fast and pleasant journey to the Highlands. Sue-Ellen Welfonder

## Customer Reviews

I really liked this short story, but it was too short. I finished it in about 45 minutes. And, I didn't

realize it was a short story consisting of only about 4 chapters. That's why I gave it only 3 stars. Too short. There was so much more to the story that hadn't been told that could have been.

FALLING IN TIME by Sue-Ellen Welfonder is a quick, Scottish Time Travel Romance. I read this title previously and loved it so much I also purchased a copy. A quick read, only approximately 104 pages, but, packed full of Ms. Welfonder's magic, passion of Scotland and her romantic intrigue. The characters are memorable, the storyline is unique and magical. I like the way the author brought this story to a satisfactory end, while having an impact on the reader, in a few pages packed full of Scottish Romance. Perfect for readers of Time Travel, Historical Romance, Scotland, quick reads or waiting at the Doctors office. An idea way to past the time! PLEASE, don't let the number of pages stop you from purchasing a copy of "Falling in Time". An enjoyable and very satisfying read! Rating: 4.5 Heat rating: Mild Reviewed by: AprilR

Every once in a while I need a sweetie that is brief but leaves a pleasurable after taste . As much as I enjoy a Highlander Historical Romance, sometimes I need a break . This little gem forces you to suspend realism and indulge in true fantasy . A little time travel , romance, visually pleasing H/h and hot sexual vibes . Wanna know why I have mentioned the above? Then read this short story ( you won't be disappointed ) and see if you agree . As I said before, it is a sweet break .

New on my list, but hope this will not be the last book. It was short, But I love any kind of good Time Travel. I do hope she will write a lot more, and make them longer, for I think with her knowledge she would be great short or long novels. I enjoyed it very much, wish it had lasted longer, for it was so good I did not want to stop reading when it ended.

I liked this book! Yes it is a fast read and short but the story is delightful!!! I love the lady in the black shoes with plaid laces!! She ties all the books together and is a friendly face when she shows up!!! I loved how Lindy is in touch with the otherworld and understands it!! They were given a second chance with love!!! Hopefully a longer time together!!! I would recommend this book for the sweetness of it!!

This felt more like the outline for a story than the actual story. It was as if the author, once having begun the tale, couldn't wait to get to the end of it! What she wrote was good, but so compressed and short, that it wasn't enjoyable and left me feeling disappointed and cheated. This should be part

of an anthology or collection of short stories rather than a stand-alone product. Having said that, the writing was good and the story held my interest.

A great well written time travel romance novella , i enjoyed as much as i enjoy so many of Sue-Ellen's books , two souls lost and finally come together after a very long time , very nice read , if you enjoy Sue -Ellen's books you will enjoy this novella .

4 1/2 stars!Lindy and Rogan. Two souls destined for each other and time cannot keep them apart. They keep feeling and seeing each other through dreams and when Lindy takes a trip to Smoo Cave in Scotland, time thins just enough to bring them together. I was left with a warm feeling in my heart when I finished this story. :)
