Beneath A Shattered Sky (The Fracture Chronicles Book 1)

Synopsis

There were idiots â “ and then there were the Ancients. More than two thousand years ago, the Ancients decided that simply killing each other with all the power in one world wasnâ™t enough. No. They had to use the power of countless other worlds to kill each other. Unfortunately, things didnâ™t quite work out the way they planned. The barriers separating the world of Fracture from other worlds shattered, and the Ancients were overrun by endless hordes of otherworldly monsters. Civilisation collapsed, monsters ate lots of people, and pretty much everything that could go wrong did go wrong. Oops. Eventually, the survivors invented barriers, a powerful form of magic capable of stabilising parts of Fracture and keeping out otherworldly monsters. Score one for civilisation. Sophie is a graduate of Relicâ™s Temple, a warrior trained to use innate magic to fight all manner of bloodthirsty otherworldly monsters in hand-to-hand combat. At her legendary motherâ™s behest, she goes on a journey to find her motherâ™s almost-as-legendary former student. The problem is that Matilda isnâ™t quite what all the legends say. Oh, Matilda has got ass kicking down to an art form, and sheâ™s an absolute genius at barrier magic, but sheâ™s also an irredeemable (and highly successful) flirt who is seemingly immune to the effects of alcohol. She also likes to give people nicknames â “ irritatingly accurate nicknames. Before she knows it, Sophie is part of Matildaâ™s crew, journeying across Fracture in semi-epic fashion while performing acts of heroism for fame, charity, glory, and the occasional big payday. When sheâ™s not being fired out of a sky-ship to board a pirate vessel, sheâ™s fighting hordes of otherworldly monsters with a troubled city in their sights. But it is beneath a shattered sky that Sophie finally learns that Matilda really is every bit the legend people say she is.

Loved it. Am eagerly awaiting more in this series, as well as the other series by LG Estrella. The writing is engaging and punctuated with dry humor throughout. It's refreshing when I come across well written books. I look forward to learning more about the characters in this other world.

I liked this story more than expected from the synopsis, but trusted the author from previous books. The characters are dimensional, it was pleasantly surprising to have a main character with a temper that wasn't consumed or self destructive because of it. Seemed plausible. The world is unique, fun, and beyond my ability to understand all its glory. This book was a single session read that was quick and fun. Looking forward to other adventures for the cast.

Read the excerpt on your fanfiction blog and was hooked! Really enjoyed the story - you've created a cast of characters and world that is fleshed out and unique, and have left me wanting more. Can't wait to read your other stories. Keep this up!

Can't wait for the 2nd in the series. I found this author after reading some of their fanfiction on RWBY. This story was very well written and extremely entertaining.
