Tolkien: A Celebration

Synopsis

Anticipating the great amount of interest in Tolkien's writings due in part to the major theatrical movie release in late Fall on his classic *The Lord of the Rings*, this highly readable collection of writings celebrates J.R.R. Tolkien's great literary legacy and the spiritual values that undergird his imaginary Middle-earth. *Tolkien: A Celebration* includes personal recollections by George Sayer and Walter Hooper, and many fascinating pieces by authors such as James Schall, S.J., Stratford Caldecott and Stephen Lawhead, exploring the threads of inspiration and purpose in his major works. These dip into subjects such as *The Sense of Time in Lord of the Rings*, *Tolkien: Master of Middle-earth*, and *Tolkien, Lewis and Christian Myth*. Fourteen writers contributed to this insightful work on Tolkien, and it will be much-treasured by those who regard him as a literary hero.

Customer Reviews

I really have not enjoyed a collection of essays more than I have here in this book. Pearce. Keep them coming. :)

Most essays on writing are SO dull and uninspired, or they are overly intellectual. This collection expounds on the Catholicism so obvious in Tolkien's masterpiece.

This book presents an excellent interpretation of the works of J.R.R. Tolkein. It adds an interesting prespective on his stories, as well as his life. This is a must have for any true Tolien fan! Peace.
