Customer Reviews

A very easy to understand basic on Reiki therapy. I just started exploring this healing method and D'Amore's eBook gave me a great first step toward understanding the topic. It provides enough information so anyone could begin practicing today! The Reiki Hand Positions chart in Chapter 5 is very easy to follow. I highly recommend it!

D'Amore explains Reiki very well. This is a quick read that tells you exactly what you need to know now, so you can decide if you want to pursue this further. No 'filler' stories; just what Reiki is and how to get started with it. This book has become my reference guide.

This is a great guide for beginners in Reiki. It is very simple and easy to understand. If you had no clue what Reiki is, after reading this book you will have a better understanding.

A wonderful book for beginners, told with great alacrity, cogency and with simplicity, all at the same time. It was the best value for under a dollar. Buy it, you won't regret.

Very short book. Didn't teach nearly as much as I thought it would. Kind of a waste of time. Disappointed.
