Arrogant Prick: A Bad Boy Mafia Romance

Synopsis

The mafia princess is off-limits. Good thing I don't have any f*cking limits. I'm a dangerous man. The targets on my hit list can't hide from me. Men cower before me. And women can't resist my ripped, tattooed body. I get everything I want. And all I want is revenge. That motherf*cker Don Pavoni executed my parents, and for that he'll pay in blood. Then I see her. Alessandra. Her curves make me hard as a f*cking diamond. Those luscious lips look perfect wrapped around my c*ck. Her gorgeous dark eyes beg me to set her free from her gilded cage... one glance and I'm hooked. She's mine. Just one problem. She's Don Pavoni's daughter. This time, I can't have it all. It's either revenge or Alessandra, and I don't know which one tastes sweeter. [This is a standalone, full-length 60k mafia romance with a filthy-mouthed, possessive bad boy. Dark mafia themes throughout. Guaranteed HEA.

4.5*This is the first story I've read from this author, and I was pleasantly surprised to discover it was her debut book. This is the story of Gio and Alessandra. It's not just a romance. It's a story about family, love, and loyalty. Gio is your alpha hero. Alpha to the extreme. He's arrogant as hell, ex-SEAL, part mystery man, and has mad skills with guns, knives, security...you name it, he's got it.

And, of course, he's hot as hell. He's a man on a personal mission. He's seeking revenge for the assassination of his family. Alessandra is the daughter of the mafia's Don. While she lives under the umbrella of the familia, she fights for her independence as much as the Don's princess can, opting to pay her way every chance she has rather than accepting the luxurious gifts from her parents. Gio spots Alessandra while hunting for a second man on his checklist. There's a mutual insta-lust attraction and he pursues her, initially unaware of her family ties to the man who supposedly ordered the hit on his family. What follows is a balance of sex and plot with a secondary storyline happening behind the scenes that contributes to a twist when the storylines intersect toward the end. The cast of supporting characters were relevant and the pace of the story is consistent throughout. The romance element is very fast and furious with the insta-lust transitioning into more over a span of only a few weeks. There's a lot of violence with graphic details in some parts. The story opens with Gio torturing one of the henchmen responsible for the assassination of his family and that sets the stage, defining the extent of his quest for vengeance. Overall, if you enjoy mafia stories with extremely strong alpha males, then this is a great addition to your library and goes beyond the standard storyline of an alpha's pursuit and conquest of "his" woman.

I received this as an ARC for my honest review****Giovanni is out for revenge. His entire family was murdered in cold blood and if he has anything to say or do about it, justice will be served by his own hands. The police have their suspicions but there is no proof as to what happened to his family. Giovanni is a well-trained Navy Seal that has skills to outwit any Mafia players. He is dead set on ending the lives of those who took the lives of his mother, father and little sister. He never planned to meet Alessandra. He never expected to have feelings for a woman in the middle of a death mission. Yet, Allie makes him feel things that he has never felt before. He is loyal to his family, yet he needs to be near Allie. She completes him and gives him hope for a better future with love in it. Alessandra has never met a man like Gio. He is arrogant, possessive, charming and beyond sexy. He is a god in the sack and he brightens her life in so many ways. She's never had someone in her life that gives her the strength and confidence to stand up to her father and take her life back. She is tired of living by the Mafia rules and is tired of not having her independence. She is able to confront her father because of the courage and strength she gets from Gio. The events that occur are heartbreaking and ruthless. Gio is out for revenge but what does it matter anymore when he could lose the love of his life? Is it really worth it to lose her, to never have her in his life or in his bed? Gio has to make some difficult decisions and Allie has to go through an ordeal, but will their love carry them through? This book takes you to the heart of the mafia and the amount of love and

respect that lies between the families. It gives you the information needed to know that regardless of what happens, family is love, and loyalty is binding.

This is the first time I have read a book by this author and was very pleasantly surprised at how well the book was written I found it to be a fascinating, intriguing and interesting book to read and I thoroughly enjoyed reading it. What you will find in this book is Alessandra (aka Alessa) (daughter of a Mafia Don), Gio (a alpha male bad-ass ex-military/seal), Mafia, drama, intrigue, suspense, a lot of twists, humor, feelings of revenge, torture, graphic violence, a pursuit, conquest, lust, emotional feelings, love and some steamy erotic scenes. The story-line and plot is well thought out and written. The characters are quite well developed with emotional feelings according to the situation they find themselves in. I would recommend this book to people who like to read a well written Bad Boy Mafia Romance with a HEA. I doubt that you will be disappointed in this book. I was given a complimentary copy of this book so I could give an honest review but I liked the book so much that I bought it for myself.

I was gifted with a copy of *Arrogant Prick* in exchange for an honest review. Tessa has already made it to my Top Authors list. After having read her very first novel, I'm eager to read the next...and the next! If this is an example of what she can already do, 5 ⭐ won't be enough for her future books. *Arrogant Prick* starts right off with tension, suspense, sexual attraction that's off the charts. And, it doesn't slow down until the epilogue. I found myself so involved in these people's lives that I couldn't wait for their HEA. And it did come, just not in any way that I anticipated. The sex and violence, the need for vengeance all take a secondary place to love, loyalty, and family. Read the book. Fall in love with both the story and Tessa!
