## Customer Reviews

All I can say is wow. I will definitely get my money's worth out of this publication. It has so much information all in one place it's mind boggling. I love it. This is a must have for season long and daily fantasy players alike. Great job. I will be ordering again.

I buy this every year and I am now reigning champ two years in a row not saying it's this draft helper but it's this draft helper. I use it as a guide for my PPR leagues, it has some great depth picks and I will have it open as I draft so if someone takes who I wanted I just look down and see who I want to take next. I've used printouts and other cheat sheets from almost every other website and company but I just prefer this one. It's perfect to read on car rides or before you go to sleep. Tons of in depth analysis on every team and every team's potential sleeper. 11/10 I cannot recommend this product more. FYI as of right now I'm 2-0 in 4 of my 5 leagues.

The magazine was great. What sucked is the expedited shipping that took 2 weeks. It arrived AFTER

my draft, which is why I was buying it in the first place. Note to self: Next year, order it in June.

I've been using this publication for over ten years. Consistently informative and straight forward. A couple of hours with this and a note pad and you'll be ready for your draft.

Pretty much the one magazine everyone goes to if you are serious about FF. Wealth of knowledge like no other.

I have bought every year since 1990!

Purchase for my husband. He looks at it everyday, I'm not a big fantasy football person, but he was very adamant about needing THIS magazine.

great magazine
