Hot Buttered Yum (A Turtle Island Novel Book 2)

Synopsis

Oh, Santa baby! Turtle Island's Yummy Santa contest is underway, and master of ceremonies Roni Templeman is ready to rock around the Christmas tree. After years of hiding the pain of loss behind her carefree lifestyle, she's shocked to find one broad-shouldered contestant is much more than just a hot body. But is she ready to finally let someone unwrap her guarded heart? Single dad (and gorgeous nerd) Lucas Alexander would do anything to help the charity that's done so much to help him—even if that means stripping down and suiting up as a sexy Santa. His battle to keep his daughter healthy has been a long, lonely one, but in Roni he's met the easy, breezy beach girl that he wants by his side. Now he has twelve days to prove to her that their love is worth the risk, and this Santa is determined to claim his Mrs. Claus. This book was initially released in episodes as a Kindle Serial. Rating 4.5 stars My Musings This is the first book by Kim Law that I have read and I thoroughly enjoyed it. I actually listened to the audio book, instead of reading it. I enjoyed the narration a great deal. This is an uncredited recording, but very well done. I could easily distinguish between the

different characters. I'm so glad I chose Hot Buttered Yum as the first book to read by Ms. Law. It is a delightful tale. Roni Templeton is a concert pianist, who has retired from performing after suffering great personal loss three years before. She is very wary of entering into any kind of relationship with a man, but when she meets Lucas Alexander, she decides that a flirtation with benefits may very well be what she needs. After a conversation with this hot guy, she makes up her mind to accept his seductive overtures. There is one problem though. Lucas is one of the contestants in the Turtle Island's Yummy Santa contest, and she is the master of ceremonies. Her friend Kayla will have her head if she enters into a fling with a contestant, no matter how good looking and hot he is, and in her mind he is smoking hot! Lucas is a computer programmer by day and a secret cover model on the side. While he has put that part of his life behind him, he enters this contest to raise a sizable donation for the Leukemia Foundation, a charity that has done so much for him during his little daughter's bout with the disease. Thank God his sweet Gracie is now cancer free. When he meets Roni, he is immediately attracted to her in a BIG WAY. Why not enter into a hot, two week fling with the gorgeous Black-haired beauty? This begins a madly passionate sexual romp for the pair.

~Reviewed by ANGELA & posted at Under the Covers Book Blog Kim Law's heroes from her Turtle Island series have the knack for riling up my emotions. Mark from Ex on the Beach did it and now Lucas in this story. Luckily, Ms. Law knows how to reel me right in making me fall deeper in love with her hero. Lucas is a single parent working full time who is on Turtle Island to compete for the Yummy Santa contest. Roni and the rest of her friends are hosting this competition and well, this can dampen on the undeniable attraction she and Lucas have for each other. Will they let this stop them from having an affair? Nah, their attraction is strong, and not even their author could've stopped them if she wanted to. =) I actually liked Lucas from the start. I thought he was a stand up guy, very sweet and most definitely sexy. I love that he pursued her even when she tried to stay away from him. He knew how she felt and he didn't want to let her go. My only problem with him was that there was a time when he demanded a bit too much from Roni a bit too soon. Knowing that he came with an instant family and Roni a jaded single gal; he should understand her fears and maybe give her some slack. Lucas does make it up in the end. He won my heart back leaving me with a happy tear or two. I didn't expect Roni to end up with Lucas. From the last novel, I thought she would end up with Mark's friend. It worked out well because Roni truly needed a man like Lucas. She's been alone for quite some time, and it's time she falls for someone who is stable and ready for a long term commitment. I'm glad she finally got her happy-ever-after. Next

up is a novella called Two Turtle Island Doves.
