## Love Is Crazy (Dakota & Dominic)

## Synopsis

Introducing Love Is Crazy, a full-length standalone romance with a guaranteed HEA from Abby Brooks, the queen of sweet and sexy! I am utterly and completely trapped. Life is passing me by while I rot away in the small town where I was born. I want out, but that doesn't look like it's going to happen any time soon. Enter Dominic Kane. Travel photographer, loner, and the sexiest man I've ever seen with his swirling tattoos, dark eyes, and one hell of a smile. It's a no-brainer when he wants to whisk me away for a week, and before I know it, I'm falling for him. Hard. But he has his heart locked up tight, and it's all just a short-lived fling. I'm head over heels in love with a man I can never have. How will I ever go back to my boring life in Townsbury after a week of living with the man of my dreams? WARNING: Love Is Crazy is equal parts sweet and sexy. Don't one-click unless you're ready for some big, panty-melting feels! This book is a standalone, written in Abby Brooks's Love Is series. These books are designed to be read without having to read any of the others. However, if you'd like to read them all, this is the order: 1.) Love Is Crazy (Dakota & Dominic) 2.) Love Is Beautiful (Chelsea & Max)

## Customer Reviews

'Love Is Crazy' is a Wanderlust story of epic proportion. It's fun! It's sassy! It's real! It's complete! Abby Brooks delivers another amazing, heartfelt book that makes me want to get out of town and experience life to it's fullest. Sometimes, you just have to throw caution to the wind and learn to live and love, hopefully together. A must read, for Abby has done it again.

Abby Brooks hits a home run with Love Is Crazy. The chemistry between Dominic Lane and Dakota London is almost palpable. But this novel doesn't follow the same old plot line. These two have to work hard and overcome both emotional and career obstacles to make their relationship work. It's worth the read because it has a great story line mixed in with steamy sex. Read and enjoy!

I received an ARC in exchange for an honest review. This book will rock your weekend. The characters are about as atypical as you can get. Dominic is a sarcastic world traveler, and Dakota is a sassy bartender. When they get together the sparks are flying. Neither is looking for the fairy tale white picket fence American dream. Dakota's sisters are trying to keep her out of trouble, but don't understand that she needs something different. The sex is hot hot hot and this book is definitely for mature audiences. I've read a lot of romance novels and this one was a refreshing change from the normal romance format. I thoroughly enjoyed the way this book surprised me.

I received this book as an ARC for an honest review. This series of books is great. Dakota and Dominic were great characters, although Dominic I could have kicked in the rump a couple of times. I'm not a big believer in giving spoilers so I just don't. But if you want a story that will keep you engaged, turning the pages and staying up late (or reading all Memorial Day) then this is for you. Abby Brooks is always a 1-Click author for me. She gives me what I need.....anâ < HEA!!! Great job Abby!

Love Is Crazy was a fun book to read. The whole emotional story had me reading until I couldn't keep my eyes open! Thank you so much for the bonus book of Ian Moore and Juliet. I have to go now to buy book two of the Moore series. Abby never disappoints, and she has woven her magic again.

I thoroughly enjoyed this book and if you're looking for a quick, entertaining, sexy read...this is it! I found myself laughing out loud in some places and of course there are some tear-jerking moments,

which actually made my heart hurt a little bit. I'm looking forward to more in this series and hopefully they will be available quickly!

This is a great story show how protected sisters can be and even though they don't want the same kind of life. Dakota and Dominic are great together for their love to travel instead of wanting the white picket fence and stay in one place. It's a great short read that will keep your attention. I enjoyed reading the book.

•Life is for living, not planning.â •Dakota London has longed to travel for as long as she can remember, but has always found an excuse to remain in the safety and comfort of her small hometown. That is until the enigmatic travel photographer, Dominic Kane, who she has followed online enters her life. Dominic has lived a nomadic lifestyle for a number of years; travelling from place to place depending on his assignments with no fixed abode. Unknowingly, searching for something which he finds in Dakota: A home. The connection between the two main characters is immediate and the sexual chemistry is intense. Boy, does Dominic have some moves!! However, the road to a HEA is never a straight one, and there are a few hurdles for them to overcome. There was just the right amount of angst and fist shaking (that would be me, of course!) to keep you rapt. I really enjoyed this book and look forward to reading about Dakota's sisters in the rest of the series. Especially uptight Chelsea!!! wish I could give the story a 5-star rating, but something was just missing for me. I blame Ian Moore from the author's Moore sibling series but hey, maybe that's just me!
