ISBN-13: 978-0695806514

Product Dimensions: 10.7 x 8.1 x 1 inches

Shipping Weight: 1.2 pounds

Average Customer Review: 4.7 out of 5 stars [See all reviews](#) (3 customer reviews)

Best Sellers Rank: #2,468,996 in Books (See Top 100 in Books) #21 in [Books > Sports & Outdoors > Racket Sports > Racquetball](#)

## Customer Reviews

The author is not a difficult man to understand on or off the court. He is measured, thoughtful as a chess set in action, and never lets down his awareness except on going to sleep. The Complete Book of Racquetball reflects this in being the first to cover all the basic aspects of the game. He draws heavily on the smaller predecessor volume Inside Racquetball by Chuck Leve, to which Keeley heavily contributed. The Complete book of Racquetball became the sport bible in filling a void, as well as being well written. It quickly sold 200,000 copies as the game was burgeoning across the nation, and seeping into Latin America, thanks to Keeley. In it, Keeley promised a sequel Advanced Book of Racquetball, which he finally published in January, 2015, only to scuttle it, he says, from an unappreciative racquetball community. Some say he has lost the original ubiquitous awareness, while others claim it's just Atlas shrugging.

"Lucky is the lion that the human will eat, so that the lion becomes human. And foul is the human that the lion will eat, and the lion still will become human." Still unclear what Keeley was. What is clear is that the man was brilliant on the court. His style was more analytic than the physical, spiritually freeing style of Hogan. Yet there is something Zen like to his teachings. This book could also double as a great book for poker players, with its principles of reading and exploring your opponent. .

It is crazy good. Wish I had read it 20 years ago. I'm an A player trying to get to open.
