# How To Date A Douchebag: The Studying Hours

## Synopsis

CRUDE. ARROGANT. A\*\*HOLE.No doubt about it, Sebastian Oz Osborne is the university's most celebrated student athlete and possibly the biggest douchebag. A walking, talking cliché, he has a filthy mouth, a fantastic body, and doesn't give a sh\*t about what you or anyone else thinks. SMART. CLASSY. CONSERVATIVE.Make no mistake, Jameson Clarke may be the university's most diligent student but she is no prude. Spending most of her time in the hallowed halls of the library, James is wary of pervs, jocks, and douchebags and Oz Osborne is all three.She's smart, sarcastic and not what he expected. **EVERY DOUCHBAG HAS HIS WEAKNESS.**He wants to be friends.He wants to spend time with her.He wants to drive her crazy.He wants her.

## Customer Reviews

5 Laugh-Out-Loud Stars  
How to Date a Douchebag...From the title, I knew that this would be a book that would most definitely have me rolling on the floor laughing my butt off. It was definitely an attention grabber from me and I knew as soon as I saw the little advertisement on Facebook, I HAD TO HAVE IT! Reading definitely has its ups and downs and it's books like this one that add a little laughter to break up the seriousness of other novels.This book is basically about misconceptions people make about other based on their appearances. Oz finds this out first hand when he makes

some assumptions about the girl studying a couple tables away in the library. And yet the same could be said for James, although a lot of her misconceptions were pretty spot on about Oz, he just grew out of some of them throughout the novel. The phrase "don't judge a girl by her cardigan" definitely resonates through the characters and plot as they find out that not everyone behaves as they look and sometimes those that look like prudes might not be so inclined. What was really great about this book was the relationships between the characters. Oz is the typical jock douchebag that everyone kind of expects, and no one more than himself. And yet once he starts to hang out with James, he finds that he doesn't quite fit the role he always has placed himself in. And the thing that drags Oz in is James's blunt yet witty humor as she finds herself in the path of Oz on several different occasions. These two come together with fireworks as their opposing personalities often end with one of the two upset or fired up. This book was everything that it promised to be...AND MORE!

How to Date a Douchebag by Sara NeyOmg this book was soooooo much pure FUN!!! I literally laughed and snorted the whole way through! How to Date a Douchebag is a fantastic college sports romance (my fave) with some awesome characters, some of whom you'll love, some you'll love to hate and will roll your eyes at, and some that'll make you think 'oh I totally know someone exactly like that'! Oz and James meet when the big, beefy, deliciously sexy captain of the wrestling team Oz is dared by his friends to get the prissy, pearl necklace and cardigan wearing Jameson to give him a kiss in the library of all places! From word go, James had no tolerance for Oz's b.s. and let's him know it every chance she gets. While there is definitely some heat from their first meeting, they instead form an interesting friendship as Oz isn't really capable of emotional attachments and James just doesn't want to get hurt. The chemistry between Oz and James is so freaken obvious from the word go and the banter between them is hilarious! They each give as good as they get and it was nice watching them find their way. I was fully prepared at one stage to write the author hate mail (that's a joke) but she's safe. For now. She should totally watch her back though. Oz is a bit of an ass when it comes to girls and what he can get out of them, but he's actually an admirable person. I wasn't expecting the reasoning behind his career choices for the future and was thus pleasantly surprised. There's definitely more to him than meets the eye. I think if I have one problem -if you can call it that -is that I would've liked a bit more background on Jameson.

I have been anticipating this book since we learned of the title, (seriously, how awesome is that title?) and my need to read it has only increased with every teaser Sara Ney shared (rude

much?). Sebastian Oz™ Osborne quickly became an endearing douchebag. For me, what I loved most about Oz, besides his sarcastic and dirty humor (one scene literally had me bothered in the best way but also laughing my ass off) was the fact that he didn't change after meeting Jameson. He didn't do a 180 and suddenly had a whole new and different personality, I really liked that. I believe that love, real love doesn't change who you are or your personality, it should only enhance who you are and make you have the best version of you. I feel like that is what happened between Oz and James, they were good for each, because they didn't try and change one another, they accepted who the other person is. Though, what I love that they did for each other was to push the other out of their comfort zone. James also helped Oz, she allowed him to be who he is and eventually figure out that he was the relationship type and he didn't have to be another person in order to be in one. Oz really matured when it came to his emotions.... most of the time. I related so much with Jameson, the sarcasm, sass, and her sense of loss in regards to living her life to the fullest. I felt like she could be me or at least be a person I could imagine myself befriending. She really got to me and even though this book had a lot of comedic elements and scenes, it also had it's deep moments, where it hit you right in the feels. The banter and dialogue between the characters were on point, I instantly fell in love with both their personalities.
