Mated To The Warriors

Synopsis

When circumstances leave her with little choice but to volunteer for the Interstellar Bride Program, Hannah Johnson finds herself matched with not one but two mates. Her soon-to-be husbands are warriors of the planet Prillon, a world whose men are known far and wide for their prowess both in battle and in bed. Following her transport to a starship halfway across the galaxy, Hannah awakens in the presence of Zane Deston, the huge, fiercely handsome commander of the Prillon fleet. After informing her that she is now his mate, as well as the mate of his second, Zane takes it upon himself to supervise as Hannah is thoroughly examined. Her failure to properly cooperate with the ship's doctor earns her a painful, embarrassing spanking, but it is her body's response to the exam which truly leaves her blushing. Though Hannah is shocked by the prospect of being shared by Zane and his second, the equally handsome warrior Dare, she cannot hide her arousal as her two dominant mates take their time in mastering her body. As the day of the claiming ceremony approaches, Hannah begins to long for the moment when Zane and Dare will make her fully theirs, but can she risk giving her heart to men who might die in battle any day? Publisher's Note: Mated to the Warriors is a stand-alone book set in the same world as Assigned a Mate. It is an erotic romance novel that includes spankings, sexual scenes, medical play, and more. I'M SO LOVING GRACE GOODWIN!!! This is the 2nd book of the Interstellar Bride Program and I have to say that this series is AWESOME!! This book we meet Zane, Harrah and Dare and again, the chemistry is super H-O-T!! If you love hot menages with amazing characters you'll love to cheer for, by all means, this story is for you!! If you haven't read this series, starting with Assigned a Mate, YOU'RE TOTALLY MISSING OUT!! THIS AUTHOR HAS OFFICIALLY BECOME A ONE-CLICK FOR ME!!!

The book was predictable, the sex scenes were a bit overboard (I skipped much of the repeats) what I had a real problem with & what bothered me the most, were the 'spankings.' Every time she did not 'mind' or did not call them 'master' or 'sir' she was hit, i.e. 'spanked.' Afterwards she would be told how they would not hurt her. Un-huh. She was not allowed to disagree while she was being 'trained.' Apparently total subjection by the wife was required by the 'mates.' That type of thing sounds like what is happening right now in some current 7th century thinking countries.

I'm going to skip the synopsis and just go to what I loved about this book.1. 2 guys (duh)2. 1 guy is a mega Dom, but holds back3. Guy number 2 is an Alpha who knows what he wants takes it.4. The heroine isn't dumb or annoying5. BDSM well written6. Damaged hero7. Did I mention 2 hot, alpha alien dudes? Seriously, I'm totally loving this new author and am devouring everything she puts out.

I just finished reading this book and I am breathless. The book is steamy hot, with believable characters that move the storyline along at a good clip. Great action, terrific passion and actual love, which was surprising. I wish I could volunteer for the Interstellar Bride Program...sign me up right NOW!

Well I enjoyed, Zane and Dare. They sounded all Dominant, Alpha and just made submission seem oh so sweet. I loved the intensity with which they wielded Hannah. I was interesting to see how she tried denying for a minute but I was grateful when she gave that up. Great read steamy and sexy, now who doesn't want A Prillion Warrior? :-)

This was an alien mating story where women blindly agreeing to mate and alien sight unseen and leave Earth forever based on a mating agencies testing. The aliens are alpha male BDSM warriors who want a woman to dominate. The women are well taken care of and well loved and this book

describes the sex scenes explicitly. If this is your cup of tea, it is worth reading.

Hannah is damaged in her dating life, but sells herself for her brother. Can she trust this match? Zane didn't want a mate, but can he resist Hannah. Dare may seem like he's along for the ride, but Hannah wins him over, but all is not happily ever after, yet.

The men on earth were not kind. At least the she one had been with. She was told she would have one mate. They were wrong. She is lucky to have two. They will move planets to protect her. And they almost have to. The three of them are very well matched.
