The Far Country is one of the fundamental writings of Paul Twitchell of Eckankar. His early writings are written with plain and simple language which express his personal experiences and views on spiritual matters and are easy to place ones self into his point of view. His writings are uplifting to anyone with an open mind and who is without religious prejudice.

This Book is without a doubt my favorite book in Eckankar, Sri Paul Twitchell use to come visit me in my dreams when I was experimenting with "Lucid Dreaming" he would watch over me from the background, and sometimes would actually assist me in opening up to the Spirit, the "Light & Sound of God". This Book is Really Dictated to Sri Pedderji by The Torch Bearer of Eck, The Great Spiritual Master Rebezar Tarz , and it is totally mind blowing in its Adventure, Creativity. Spiritual Overstanding, and portent for the reader!!!!

An excellent book for anyone who truly desires to learn spiritual truth and to develop a deeper relationship with God and His Prophets. I found it hard to put down when I started reading it and soon realized that there is so much more to the reality of God than I had a clue to when I first picked it up.

This book is written by the modern day founder of Eckankar and it reads a bit on the side of 'fantastic', as in: unbelievable. However, the truths I found revealed here made the ultra human experiences one may not want to believe pale by comparison. Paul Twitchell takes you on the journey beyond the physical world. He provides you with the rare privilege of being present as many of the greatest esoteric secrets of the universe are transferred from master to student. You will learn the nature of Soul in relation to the very existence of God, and understand the shocking truth about your mind. You will also come into possession of easily mastered techniques enabling you to personally explore 'The Far Country' for yourself. Discover and know beyond doubt, the immortality of your Self as Soul. This ancient teaching leads to the actual experience of what orthodox religions only talk about. You may also wish to read 'The Secret of the Soul' by Wm. Buhlman and Gary Zukav's 'The Seat of the Soul'. Both are informative of your mind and soul, but in very different ways. Buhlman's book could be labeled "Out-of-Body experiences for Dummies". He teaches as he explains the process of getting free. I joke that the book is like the Border Patrol pamphlet 'Know before you go'.

Extraordinary, one of my all time spiritual favorites. I recommend looking at other books by Paul as well as Harold Klemp.

This book will probably not be offered in the future unless it goes through a drastic rewrite. This is a 1970 copyright when Twitchell was still fine tuning his new creation... Eckankar. On pages 16-19 (Fourth Printing, 1974) Twitchell places the Mental Region (Plane) before the Causal! Actually, it seems Twitchell had yet not named this other region as the Causal as yet. He gives it the name of Daswan Dwar. The colors Twitchell associates with these planes are off as well. He corrects this in later works. It's amazing the amount of confusion that Twitchell creates, and is clear that the current leader (Klemp) is having to do an intensive cover-up of the lies of Twitchell. Unfortunately, this means that this book and other evidence will soon become unavailable.

love it very interesting spiritual information I love ECK
