Saved By Blood (The By Blood Vampire Series Book 3)

Synopsis

The night that a vampire saved her life was the night that Megan Wright's life changed completely. Handsome vampire Philip Smith appeared to be thirty-something but he was really hundreds of years old. He knew better than to get involved in human disputes but when he sensed Megan being attacked by a group of men he knew he had no choice but to intervene and save her. However, Megan was about to discover that under vampire law if your life is ever saved by a vampire then you owe that vampire your life. Literally....This is a very different type of vampire romance and not like any vampire book you will have ever read before. Download now, start reading and escape with this epic paranormal romance that takes you all across the globe and back!

Customer Reviews

>Book Review â "Saved By Blood">I am an independent reviewer. This is the third book in the By the Blood series and ends in an HEA. Megan is saved from attack by a man she is drawn to. Philip is a vampire who doesn't understand why he even intervened to help Megan, but he felt drawn to. After her scary experience, Megan still goes to Philip's home and sleeps with him. She should be traumatized, not horny. I wish the seduction had waited at least a day or two. The evil that is foreshadowed is a bit of a let-down. The evil Celia has a chance to do all manner of bad things to

Megan, but the actual show down is over quickly, along with the story.>The whole book felt unfinished. The idea was a good one, but characters such as Caroline and Celia were under-utilized. Megan and Philip were awesome, but not enough happened between them to fill the entire book. This book is appropriate for an adult audience. I am giving the story 3 stars.

This was a very strangely written book. I just couldn't seem to get into it. Philip is a vampire who saves Megan from three attackers. He is arrogant and seems to be non-feeling. The story just didn't grab your attention.

The plot had definite potential. But I don't like the writing style, if you can call it that. There was waaaay too much internal repetitious dialogue. What little action and communication there was was constantly interrupted by the internal dialogue. And the dialogue was paragraph after paragraph of repetitive thoughts. I got lost so many times throughout the story. What were they talking about? What were they doing? Even the sentences were extremely long with repeated explanations (and extra unnecessary info in parentheses). I would have liked to read more continuous dialogue and action.

I really started to like this story. It had a beautiful girl with a tragic past, a gorgeous and nice man and vampires. But, it's another case of lines and facts not filled in by the writer so we're left in the dark. General explanation given while nice simply aren't good enough. The problem is not spending a few more pages on fleshing out the story. A case of it could be so much better.....

I loved reading the story of Philip and Megan. It was a different take on vampire novels from what I have read previously and was a refreshing change. I highly recommend *Saved by Blood* and will be on the lookout for other books by Samantha Snow to read in future as I have read several and have enjoyed them all.

Loved Megan and Philip in this book. They were drawn to each other from the beginning and they didn't fight the pull. The mystery in this book was just enough without being too over done. Good read!!

Philip Smith is not at all what he appears to be.....He appears to be a human, very unassuming approximately 30 years old. However he is actually hundreds of years old, a vampire that has never

aged since the day that he was first turned. Meghan was unfortunate enough to have her life saved by Philip, without his help she most likely would have been dead, However she is soon to find out that when a human has their life saved by the actions of a vampire actually stepping forward into the Frey, their life then becomes beholden to the vampire.....This was a very interesting book a different way to write about vampires, once I started the book I wanted to read to completion and find out what would happen at the end. Very well written the plot was unusual and was always coming up with different ideas.
