Customer Reviews

I have previously received copies of the following four books from this box series in exchange for honest reviews, which are as follows:

Alpha UnSEALED â “ 4-STARSWhen a man loses the life he has worked tirelessly to build, it changes him, but Jennings still has the will to survive even if he is a recluse living in the woods â “ but is he a man or a beast? Adeline is a reporter; she had been chasing Jennings for so long, she thinks he is a myth until her life is put in danger and he rescues her. Adeline tells Jennings about her early life in the military and the patterns of dismissals and disappearances sheâ™d noticed that were difficult to explain. Adeline knows there is only one man that can help them, who shares her beliefs about shifters, but can she trust him? They are searching for a friend, but instead find themselves captured. But there is also someone else after them - a branch of the Government who has been secretly on their tail; for them, Jennings has become a liability and Adeline is merely collateral damage. But Adeline has a rare gift, a power which is as magical to Jennings as his shifting is to her and it is this that finally comes to their aid when they are faced with the unforeseen. This was quite an engaging and interesting shifter story that was enjoyable to read.

Dragon UnSEALED â “ 5-STARSThis was a very well-written, intriguing shifter story that I enjoyed reading immensely. Chase is a dragon shifter, something he quite readily accepted as a child, but kept secret just like the other members of his family. Now he is a high ranking officer in the Navy SEALs, but is being plagued by unexplained dreams involving his older sister, Katie.
