Madie Valois wants nothing more than to live a normal life, but that won't happen if her father has his way. He's determined to make Madie take over the family "werewolf hunting" business. How do you hunt something that doesn't exist? Damon Laroche has been ordered to kill the next Hunter. As Alpha, he's more than happy to get the chance to avenge his brother's death. Damon will do whatever it takes to uncover his brother's murderer, even if that means seducing the enemy. (MOONLIGHT KIN 2: AIDAN'S MATE, MOONLIGHT KIN 3: NIC, MOONLIGHT KIN 4: TRISTAN) ***WARNING: This title contains some strong language, lots of angsty gothic melodrama, myth, and sensual love scenes. Might offend some readers. *ABOUT THE AUTHOR* Jordan Summers is a New York published author with thirty-two books to her credit. I've read other books by Jordan Summers and have enjoyed them as all, so when this one came up & I read the blurb for it I thought this is worth a try.... I was not disappointed at all, it has a good story line differing enough from the "norm" to make them (the characters)interesting. I am looking forward to the next in the series Aidan's Mate, I am hoping he (Aidan)gets to eat a bit of humble pie after his verbal attack on Damon his cousin in this book.(Damon supposedly mated a human, bad form apparently HA!)Anyway if you are looking for something that is easy on the read but interesting, not too heavy on the romance or sex scenes but over all just a good read.

Jordan Summers is becoming one of my favorite authors to read!! won't go into details of the story or who's who, you can get that from the description above. I will say there was good tension with characters and the love scenes. The only complaint I had was there were some typo's which pulled me from the story but I was able get back into the story pretty quickly!! I can honestly say I would probably read this book again even with the typo's! If you have read any other books by Jordan I believe you will like this book. I can't wait until the next book!!

Enjoyed this book this was first in this series. I have read other series from Jordan Summers they were not about were wolves but aliens from outer space. I loved one liners in this book they made me laugh out loud. This book starts out with action plus with humor, romance and mystery. I honestly couldn't put the book down. I ready to the next book in this series.

I really enjoyed this story. Although I did pick up on the twist before the reveal, it wasn't too early to spoil the suspense. I felt a connection with the H & h. Their relationship had all the right elements. Would certainly read the rest of the series.

Jordan Summer's is a new author for me. I liked the cover of this book and when i read the synopsis i got it. I am so glad i picked this book up .I was hooked from page one and before i got halfway through i one-clicked the other two books. If you enjoy paranormal stories do not pass this up . you have the hot alpha males,their don't know they are mates women and interesting story line.This book is a little different from other shifter stories i have read when it comes to mating but i really

enjoyed it .

For the most part I enjoyed reading this book. It had a HEA ending, suspense, romance with smex, H who was totally in love with h and likable MC characters. The only two things I would change is that it dragged in parts and the H did something I would prefer he not do. H is a werewolf. When he was in wolf form he urinated outside h's apartment to mark her as his territory. I understand that he is a wolf but he was aware of his behavior and I found that a little distasteful.

You sneaky wolf! Planning and plotting to kill the new hunter but finds another way to break the curse....a mutually beneficial way. The chick is sweet and shy. The wolf is clearly the smooth talking kind. So smooth he has to rub his scent on her and all that wolfy business. I liked the twist at the end. Didn't see that coming. It a great read and re-read.

A Wolf's Tale recounts the interaction between The Moonlight Kin and The Hunter. Damon Laroche is Alpha of his pack with orders to kill the newest chosen Hunter, Madeleine Valois. His initial scan of her reveals no interaction or hint of a werewolf kill. Damon's instant attraction to Madie sets him on a path to investigate and gather more information. When instead of her death at his hands, Damon embarks on Madie's seduction, their fate is sealed. Against all odds, he's found his bond-mate. In addition to kill orders from the Lycan council, the couple must also deal with Madie's father Gaston Valois, and a mysterious killer. Ms. Summers has created a very entertaining and erotic look at werewolves amongst us you won't forget.
