CALLIE (The Naughty Ones Book 1)

Synopsis

CALLIE My name is Callie Landry and I have done something that would make my mama roll in her grave and my grandmother beat me to a pulp with her cane. I stepped out of the box I've been in. I went against every rule I have ever made and took a chance on the sexy stranger I saw across the ballroom at an event my company was catering. Somehow-not somehow, I know how it all happened. I got blotto drunk and lost my senses-I ended up in bed with a stranger and threw the very last rule I had to the wind. I slept with a man I don't know, a man who does not know my name and never gave me his. One night of burning hot passion, one walk of shame later, one month of denial. One morning of utter shock and horror. I'm pregnant. JACK I've been watching her and her little band of lunatics crash parties for the last three months and it's driving me insane. They're a bunch of crazy, a gang of hoodlums in heels and tight dresses and they're more entertaining than a night at the opera. She seems vaguely familiar, well, as familiar as a woman can be to a man such as myself. One thing's for sure, if I ever manage to get the little minx under me I'll need an exit strategy and a will of steel because something tells me this one's a keeper and if there's one thing Jack Levins does not do, it's play for keeps. At least, I don't think so until I discover that one drunken night could have won me a prize I can't help but want to win back. NOTE: Though Callie is part of a series, it can be read as a standalone book. It is 50,000 words and includes my bundle: BIG SHOT LOVE as a bonus. Enjoy!

Customer Reviews

Loved every single story in this book! Normally only one or two are good but all were fantastic! Gotta say, the first story had me laughing so hard I thought I would pee my pants. Very rarely have I been able to say that about a story. Do yourself a favor and read these. You won't regret it!

Be aware that this is an anthology. Author has a focus on the beauty of a pregnant woman in at least two first stories. Someone should have edited the second story better as it made no sense. Will try to finish all.

I absolutely loved this book. I couldn't stop reading it till I was at the end. The crazy family and friends of Callie's remind me of people I know. This book will make you laugh out loud. If you want a book that makes you laugh and see that there can be a HEA then grab a copy today. Can't wait for the next in this series.

I only read Callie but it was so funny. The story was good and I look forward to reading more of her work. I'm sorry I do not leave long descriptive reviews but the writing made me laugh out loud.

I love when a author can pull you into the story and makes you laugh and cry and keeps you interested from beginning to end. Thanks for a great story!!!
