## Customer Reviews

I have read all of this author's works thus far. I was interested because he and his wife had the courage to give up the day to day grind for a life most of us only dream about. His earlier writings were at the most average, however, this is proofing the Stephen King statement that to be a good writer you have to keep writing. In my opinion this book is a quantum leap from his earlier results. I enjoyed it immensely and finished in 1 and 1/2 days. He has crossed over to an author I can't wait

to release his next novel. Great work and this author should be very proud of his accomplishments and his vast improvement in his abilities. I have never meet Ed Robinson and have no connection to him other than reading is books.

A local author and fellow boater Ed Robinson, just completed this new book. It is titled Cool Breeze and is available on via Kindle books. I have read all of Ed's books and have met him a couple of times in person (both times at his home anchorage of Pelican Bay). Ed is the real deal. He writes what he lives. He weaves he and his wife Kim's real life adventures into his fictional novels. If you like John D. MacDonald or Randy Wayne White books get this book and treat yourself.

As a land locked former boat bum, Ed Robinson has the ability to take me back to some of the best times of my life with every turn of the page. Ed's latest work Cool Breeze reminds this reader of John D MacDonald, a delightful mix of adventure and a deep understanding and care for the environmental ills facing Florida. Another great read from an author who this reader has come to thoroughly enjoy and admire.

As being a Boat Bum, myself, traveling the Caribbean on a Catamaran, it is very interesting to read about what happens to Breeze. He does get himself into messes. I read Ed's first book about Leap of Faith and decided it would be good to live on a boat too. These books are easy to read, entertaining and "can't put it down" good. Thank you Ed! Looking forward to see how Breeze works his way out of the current situation!

If you like stories with boats in them. and a nice plot, pass the time and imagine yourself afloat in your own world AND being involved in adventures.. get the series... This has to be his best book yet, improving with each fruit of his pen. Loved the book and well worth the read !Keep it up, best regards, Rick Meijer Cape Town/Islas Balears/Spain

If you have ever read the Travis McGee series written by John D. McDonald, you'll fall in love all over again with Ed Robinson's character, Meade Breeze. Breeze tries so hard to just be a boat bum, but politics, thugs, drugs, women, the law and his kind heart continue to get in the way. He cares about his friends, the Florida waterways, and of course, the biggest love of his life, Miss Leap. And now the FBI is after him...

Breeze adventures by Ed Robinson are awesome. Finished it in 24 hours, couldn't wait to see what predicament Breeze got himself in now. And kept me guessing all along. Now can't wait for the next one !! Definitely a great read!!

Ed Robinson is an excellent writer. He has done a superlative job on this series of books, particularly in the development of the main character, Breeze Meade. His ability to put you IN the place that the scene is occurring is a big part of the appeal, because the places that the scenes are occurring are pretty spectacular...Southwest Florida, the Keys and the Bahamas...it doesn't get much better (I say as a spoiled Florida native). Good reading. Well worth your time. Read the whole set. Get acquainted with Breeze, get a taste of trawler life, visit some lovely places from the comfort of your own chair...then read "Quit Your Job and Live On A Boat" (also by Ed Robinson) and get a plan for what to do next!
