Marie's Tempting Reads ARC Review: I ADORE this first book in Elle Boon's newest crossover series. Delta Salvation is full of non-stop action, sexy SEALS, one irresistible leader, and a very lucky heroine. This story is fast-paced with amazing characters and a plot that never seems to get boring. Kai is one heck of a tough and yet caring leader and his need to protect Alexa had me melting into a puddle of goo. Alexa is strong and I really connected with her because, until Kai and his team came to her rescue, she was a loner and she definitely needed someone in her corner. Now there is plenty of times in the story that had me biting my nails, wondering what was going to happen next. And there were times I found myself giggling or sighing over something one of Kai's men did, or over the fun Kai and Alexa seemed to have in the middle of danger. And there was some sexy and delicious sex that I always appreciate with a book by Elle Boon. Immediately after reading Delta Salvation, I found myself rereading it just because I enjoyed the action, characters, and general story. I can't wait for the next book! I definitely have a new addiction and it's all thanks to Miss Boon! This breathtaking, nail-biting, sigh worthy story gets a **SPLENDID FOUR SHOOTING STARS!** From cover, to the synopsis, to the story, it's wonderfully written and full of everything I love! A DEFINITE MUST MUST MUST MUST READ!!

The latest edition to the Elle Boon library is essentially a spin-off from the Iron Wolves series. Delta Salvation introduces readers to the men (and some women) who are members of the Phantom Force of which Rowan Shade was also a member during his time with the SEALs. An action-packed story filled with mystery and intrigue, sees the mission to capture a traitor become so much more as an innocent woman's life is threatened by unknown factions. Alexa just can't seem to catch a break. A woman with no family, friends or high expectations, initially becomes the target of an obsessed stalker. But when her move into witness protection is intervened by a dangerous woman and her pack of "dogs" everything spirals out of control. Kayan is not looking for love and HEA, he's a SEAL and hell bent on nothing more than capturing his foe. But Alexa's dilemma and her possible ties to his current operation are far too coincidental to ignore; forcing them into close proximity and a familiarity that Kai never intended. When Alexa is kidnapped a second time and all hell breaks loose, Kai has no choice but to keep her close and hope that his heart will survive her hypnotic violet eyes. While I thoroughly enjoyed this book and look forward to more from the Phantom Force members, it did take me a little longer to get into the story than usual.

Omg, thrilling, action packed, roller coaster ride of adrenaline, and hot steamy sexual chemistry are just a few adjectives I will use to describe this totally amazing read! The love and devotion between

the characters had me falling so deeply and hard for them. I couldn't put this book down and loved how the author incorporated the characters from her spin off book to keep me updated on their progress! This book absolutely Rocks and I can't wait for the next installment in this series! Kudos Mrs. Boon, you've done it again!

Oh this Navy Seal made me drool and Alexa made me laugh. These two steamed up the pages and set them on fire. Oh Elle please write more military romance, so I can satisfy my addiction and oh Hell just write anything because my book whore needs satisfied. This Navy Seal was my book boyfriend and oh by the way. Can his friends be my boyfriends too. Told you that I'm a book addict and think I'm going to invest in some audio books for my gym addiction as well. Ha ha. It will make me sweat and everyone will think I'm working hard at the gym. Lol!!! Work it Lady!!!

Bang! Pow! Bang! So much action in Delta Salvation! This is what I have come to expect with an Elle Boon story. I have been a fan of Ms. Boon's stories from way back when, been loving her storytelling from her first release, Selena's Men. Elle has never disappointed me yet! Now she has rewarded me with one of my favorite sub-genres of Contemporary Romance, SEALs/Military Action Heroes. And what an awesome reward this is! Treat yourself to a hot, action-packed read complete with a hot hunk of a hero in Kayan (Kai) Swift, a sweet sexy heroine in Alexa Gordon, witty humor, ice-melting love scenes and the piÃ©ce de rÃ©sistance for me, excellent dialogue throughout

This story has everything that I love in a story; fast-paced action, good vs bad plot, sexy hot men, & lots of sex scenes. Kai was introduced in the Iron Wolves series when the Iron Wolves needed help. Alexa met Kai after she got beaten by her crazy stalker ex-boyfriend & captured by a crazy military woman. Kai & Alexa were immediately attracted to each other & initially tried to avoid the attraction; but after playing strip poker & Alexa lost all bets were off in more ways than one. This story was excellent, I finished it in 1 day & will definitely be reading the next book in this series.
