5 Star Enforcer is the fourth book in The Princes of Prophecy series. Enforcer is Jax and Shelia's story! I loved reading their story and watching their relationship develop throughout this book.

Although this book could be read as a standalone the characters cross over all the books in each series. Seriously once you begin reading books by this author, you will become quickly addicted to her story lines and have her as one of your one click authors. Sheila is completely badass. She is strong, sassy, completely dependable, loyal, loving, caring and doesn't take crap from anyone. She's exactly my type of heroine. But underneath her tough outer exterior she is quite vulnerable and has a soft core. Jax on the other hand is a swoon worthy alpha with a heart of gold. I loved that this book was told from a dual point of view, it was wonderful to have both the perspectives of the hero and heroine to connect with. One of my favorite features of this series, is L. Ann Marie's ability to connect all of her books, so that the stories of the previous characters continues with each additional book. The strong themes of family, friendship, loyalty and brotherhood flow throughout this book, but also throughout the remainder of not only this series, but the books in the MC Series, and to an extent the Baxter series as well. This is a fast paced, well written MC romance with elements of suspense. The characters are complex and completely endearing. This story line is full of drama, action, suspense and love. I've got to say the love scenes are quite steamy in each of the books in the series, and Enforcer is just the same. I look forward to the next book in this series, and cannot wait to see which of the younger generation of bikers will find their happy ever after next.

As usual another Prince's winner. I was looking forward to Sheila's story. She has always been a tough one and to see her with Jax and the kids, your heart just melts. There had not been one MC or Prince book that I have not loved. I am looking forward to see who is next.

Loved She's story. I cried a few time.. Twice was out of happiness. So glad things worked out for Jax and SheDog!!! Can't wait to see what happens next in the storyline. I recommend this series and the author.

I loved this book! I started reading as soon as I got it downloaded and I couldn't put it down. Sheila and Jax are so great together! This was a hot, sweet, sexy, action filled story! The sense of family and the ideals of the brotherhood make want to live in this world created by L. Ann Marie!

This story of Sheila & Jax was so touching. With all that Sheila went through she showed her strength just like a true Brother & loved just as deep too. Her heart was just so big like everyone else! Overall worth purchasing & reading every one of L Ann Marie's books... And they should all come with a warning to have lots of tissues near by lol...

I absolutely loved Sheila and Jax's story. It was definitely a roller coaster throughout. The flow and story development was great and the 'rents' are hilarious in this book! I am super happy with this series and the way things have gone. I am eagerly awaiting more!!!!

Initially I wasn't sure how much I would like She Dog's book, but once I started (as always) I loved it! That is the thing about all of these books...They draw you in and you can't stop reading until it you reach the end. It when you reach the end you are already for the next book. These books build on each other but they do not have a cliff hanger.

This story of Sheila & Jax was so touching. I was surprised she ended up with Jax, although I am ecstatic that she did. With all that Sheila went through she showed her strength just like a true Brother & loved just as deep too.I LIVED Jax showing how much he cared about her and waiting like he did. Accepting both kids and loving them just melted my heart
