## **Customer Reviews**

Jack Stratton, is an amazing character, a man who listens to his gut and isn't afraid to risk it all for someone he cares about. Jack has learned by experience not to ignore that feeling that tells him something is wrong he cares too much about what would could happen if he's right. Jack has PTSD from Iraq and personal demons from his childhood and sometimes he doesn't even understand why he does things. But one thing he does know, he can't do nothing, he has to try. Jack's friend and former lover Marisa has disappeared and Jack knows in his gut she didn't just take off on her own,

and Jack will do whatever it takes to find her and keep her safe, even if it kills him! And to make matters worse he has to dodge both the Japanese and American mob who are looking for her while trying to keep his job and find those who took Marisa and who are trying to kill him to keep him from interfering. All this while not knowing who to trust and being followed by a beautiful Oriental Assassin with orders to take him out if he fails! And in the middle of all this he is trying to come to grips with what he feels about the only person he can absolutely trust. Replacement, who he loves even though he tries to deny it to himself, and is desperate to keep her safe in this whole mess! Christopher Greyson has done it again. This book does not disappoint. When you get this book you will have a hard time putting it down, I know I did.,

Jack is back in yet another exciting story that involves the disappearance of his old girlfriend. He is back with a colorful cast of characters, and once again, Christopher Greyson hits the mark. Greyson is a writer who captures your attention and keeps you turning pages as you get caught up in Jack's adventures. This book is full of action, but unlike many writers today, he does not sacrifice character development for the sake of a fast moving plot. (Although Greyson does really keep this story going.) Jack is not a stagnant character. He continues to grow and as you read, you get a real understanding for why he does the things that he does. Once again, the reader is privy to Jack's emotional turmoil as he deals with the past. Readers will want to know how to help him while respecting the fact that he is also a strong, competent police officer. That serious aspect, however, is tempered with Jack's playful interactions with his "girlfriend", Replacement. They are a wonderful duo and play well against each other. Jacks Are Wild is a well-written, exciting installment to the Jack Stratton series! I can't wait for the next book.

I got the first book in this series for free (after seeing it promoted on BookBub). My expectations aren't too high for free Kindle books. But I was pleasantly surprised to find that I really enjoyed Girl Jacked: A Detective Jack Stratton Mystery. I want books to engage me, entertain me, interest me, with characters that I enjoy, maybe romance but not too much blatant sex or too much really foul language, and with decent editing without distracting mistakes. Girl Jacked gave me all of that and more. I enjoyed it so much that as soon as I finished it, I went to [Amazon](#) and immediately purchased the 2nd book in the series, Jack Knifed. I rarely actually purchase a Kindle book "so that alone is a top recommendation from me! After I finished the 2nd book, I again immediately went to [Amazon](#) and purchased the 3rd book in the series, Jacks Are Wild. After reading some of it, I realized that I was firmly hooked and went back to [Amazon](#) and purchased the 4th & 5th books in this series, Jack And The

Giant Killer and Data Jack. I am finally disappointed â “ because I have finished all of these books AND I STILL WANT MORE! I will be anxiously awaiting publication of Christopher Greysonâ™s next novel â “ whenever that may be! The books in this series can be read independently, out of order, but I think you will enjoy them the best if you read them in order of publication.

I love a good detective story. Whenever I can get involved in the storyline during the 1st chapter, I know it's going to be a great read. I love Jack and Replacement. I have read all 3 Jack Stratton novels and I can't wait for more!

Can t wait for more I have enjoyed every book So hard to put down I stayed up much later than I should have

I've read all three novels and they were great. Read them in the proper order. The stories are original, well written and packed with emotion. You will enjoy.

After reading this book, I immediately signed on to to order his other two books, Jack Knifed and Jacks Are Wild. I believe that this tells you exactly how much I like Christopher Grayson's writing!!!!

I love Jack and all the characters who love him. I read all three books back to back and could hardly put them down. Christopher Greyson created stories that just pulled me in. There were so many twists that I could not accurately predict any outcome and that made me want to read one more page... one more chapter. Looking forward to the next book already.
