Customer Reviews

Have to admit I didn't even make it through the first chapter. There are so many free books that if a book doesn't get my attention quick I'm going to move on. This one just really really didnt. From the first page it was slow and confusing and just not good. I moved on quick.

I can't begin to explain how this series made me feel in full detail, but intense, thrilling, deep, and

loving to the extreme are the few I'll share. I read these books in two days and I laughed, cried, had adrenaline pumping, and above all I feel in love with them. Its a whirlwind tale with more than I ever thought I'd see come from a series. I would definitely not be as strong as this girl, but I'd like to think I'd do the same for love. A great read for sure! Loved them.

This book was so good. It had me high and low and sometimes oh so angry. But finally in the end they got it together and the couple I was rooting to be together came out on top. With a lot of help from their friends. Awesome book. Another great book for you romantic, suspense readers to get. I comes highly recommended by m.!!!!!!

I was kind of confused by this story and I just wasn't very happy with the view point. I found the story to be very long and confusing.

Amazing book with romance and heart stopping suspense. A wonderful read ! I constantly wanted to know more about the main characters stories and what was next

...exciting enough, light and easy to understand. Sean and Kate seem good and relax with each other...fresh and interesting most of the time

I absolutely fell in love with all the characters in this book, the good and the bad! You will not be disappointed with this read!

This book kept me on the edge of my seat right until the end! Absolutely loved it! True love will win over money Everytime!!
