One sexy lion will meet his match in this yummy shifter romance. Beau Hunt is a lion shifter, rock star, and prince, but all he wants is his matched mate to accept him. Charity Organizer, Stacy, blames Beau's family for something bad that happened to her family years ago, and when she finds out she is matched to him, she adamantly refuses the mating. But he has something that she needs, money, money to help kids with cancer. When he makes an offer too good to be true, will she be able to stand up to his charm and sweetness, or fall in love with the King of Rock? I was given a copy of this book in exchange for an honest review.

Since I read the Bear Haven Series, I thought this story would be similar but it was quite serious and a bit sad. I wished there were more characters interacting. I felt there was more details that could've been expanded on. Still, King of Rock was a good read.

First things first, I received this book for free in exchange for an honest review. Any time I think I am in need of another story from Terry, she has one ready and it is a very enjoyable book. This is one I also am glad I got to read. Beau is the middle brother with Axel (Ace) as his older brother and Cain is the younger brother. Axel took over as king after parents were gone. Beau has been waiting along with his brothers for the oracle to decide whom they should have as a mate. Beau got picked first by the oracle. The mate picked for him is Stacy Anderson. He remembers her from when they were kids. And, he already is excited to have her as his mate. Beau is also a rock star. Doing concerts all over. To get Stacy to a concert, he sends tickets to her. Stacy's boss tells her she has to go even though she doesn't want to go. She doesn't like Beau or any of the royals. After the concert, Stacy and her friend meet Beau. Stacy tells Beau why she is there, that her boss wants him to be in the bachelor auction. Plus if she didn't do as her boss asked, she would lose her job. But when Beau tries to kiss her, she slaps him. He tells her he will donate a million dollars and be in the auction but, she needs to spend the next week with him at his home so he can show that they belong together. Will she do it, will she spend the time with Beau? Can Beau show her he is not just a rock star, but just an ordinary man? By the way, if you have kept up with Terry's books, you know about Herc. Well, Herc is in this book also. He finds family that he didn't know he had. Sorry just a little spoiler there. I hope all enjoy this book as much as I did.

A great first book to a new and exciting series!!! Beau is a lion prince and a rock star, his older brother is the heir and rules their island of lion shifters while Beau tours on the mainland bringing in money from his stardom. Beau gets called home because the oracles have chosen him out of his brothers to mate next. The oracles reveal the true mates of the royal family to them one at a time and they must convince that person to mate with them in order for their family to remain in power. Stacy does not care one bit for the royal family, the only reason she is going to Beau Hunt's concert is because she got mysteriously delivered VIP tickets in her name and she hopes to convince him to participate in the bachelors auction and donate to the charity that she works for. They agree to a deal, Beau will donate one million dollars and participate in the bachelors auction for her charity if she agrees to move in with him and give him a week to convince her to mate with him. Long buried memories, secrets and burgeoning emotions take center stage as they try to find their footing against feelings that are deeper and stronger than either of them anticipated. This story was pretty fast paced, I was a little confused as to where Hercules fit in but my question was answered near the end. I'm excited to be able to read the next one!!

When I finished the previous story I wanted to read about Beau. I'm not disappointed in his story. Stacy turns out to be the perfect mate for him. I hope to read Cain's story next. Thanks again, Terry, for being a great author. I have every book you wrote so far.

Terry does it again!!!! She's so clever, such an awesome writer, I wish I wrote like her. Her style is so unique, she writes so vividly. It's a joy to read like you are there and seeing plus experiencing it all. Our (half) brother, the rock god you met in Hercule's book is brother to a lion shifter plus rock (hunky) guy. Yummy, dream worthy, and so gentlemanly. He's in demand but only looking for his fated mate. The oracle has destined a woman from his past, and reluctant lion shifter from his own island is his mate. She's into charity, serving others, and does not want anything to do with him. But her job, she will meet with him. Back their attraction to one another lead to where our hero wants it to, or is it doomed? Loved this book!!!! I received a gifted ARC for this review, but, I also purchased a copy.

Beau knew the moment the Oracle showed him his fated mate who she was. The same girl he saved in the windowless summer fire. He killed then when they were kids to protect her and he will do it again to protect her even if she didn't want him. Stacy never realized that a royal would risk their life to save a commoner. This was a really good story. You Can't help but fall in love with the

characters. Cannot wait for Cain and Axel a.k.a. Ace story. And they have a half brother Her. Wait is this the same Herc and Her a? Interesting. I so need the other brothers story.
