The novels inside this box set are fantastic and enjoyable reads by Elizabeth Rose, Cathy MacRae, Laurel O'Donnell and Ashley York. I recommend these authors and their book. This box set offers readers the chance to be introduced to authors and their style of writing. Love these novels!

The Irish Warrior: Writer Ashley York is the best thing to hit Medieval historical romance in a long time! Her third installment, The Irish Warrior, in her acclaimed Norman Conquest series will resonate with readers, both old and new, as her journey into this fascinating time period continues. This novella was the ultimate package combining a wonderful story with a well researched historical framework. A witty, strong hero paired with a spunky heroine prove a formidable force against Ms. York's trademark depraved villains. I can think of no better way to enjoy my time than hunkered down with a Ashley York tale and The Irish Warrior did not disappoint!

I really liked the first, second, and fourth books. The third was frustrating for me as I could not understand how the heroine could be so lustful towards a cruel man. She felt he was responsible for wrong doings yet could not wait to be in his arms. This to me was against the norm. Who craves a man you think killed your best friend? But the other books were great.
