Customer Reviews

Crammed full of info on many, many ski trails in the Canadian Rockies and Kananaskis Country. My only complaint is that the maps could be more detailed, but that would also make the book bigger and more expensive, so perhaps that's not a valid complaint. This edition is only slightly different than the older one, but there are enough new trail descriptions in this new one to make it worth purchasing. I've used the older edition to guide me on a couple of winter trips to Banff and Yoho. It served me very well. Highly recommended.
