The Baine Chronicles Series, Books 1-3: Burned By Magic, Bound By Magic, Hunted By Magic

Synopsis

"Magic and I have a complicated relationship. I can't live without it, but it's bound and determined to be the death of me." This is the boxed set of the first three books in the Top 100 Bestselling Baine Chronicles Series by New York Times Bestselling Author Jasmine Walt. The Baine Chronicles have been compared to books by Ilona Andrews, Patricia Briggs, Karen Marie Moning, and more! You're sure to enjoy this series if you like spunky heroines, kick-ass fight scenes, wild new worlds and sizzling, slow-building romance.

Book One: Burned by Magic: In the city of Solantha, mages rule absolute, with shifters considered second-class citizens and humans something in between. No one outside the mage families are allowed to have magic, and anyone born with it must agree to have it stripped from them to avoid execution. Sunaya Baine, a shifter-mage hybrid, has managed to keep her unruly magic under wraps for the last twenty-four years. But while chasing down a shifter-hunting serial killer, she accidentally loses control of her magic in front of witnesses, drawing the attention of the dangerous and enigmatic Chief Mage. Locked up in the Chief Mage's castle and reduced to little more than a lab rat, Sunaya resists his attempts to analyze and control her at every turn. But she soon realizes that to regain her freedom and catch the killer, she must overcome her hatred of mages and win the most powerful mage of all to her side.

Book Two: Bound by Magic With the silver murders solved and her training as a mage underway, Sunaya figured her life would get easier. But between the Chief Mage's packed schedule and the grunt work demanded of her as an apprentice mage, magic lessons are few and far between. Worse, her apprenticeship leaves little time for her job as an Enforcer, and without bounties Sunaya's money pouch is drying up -- fast. But when Shifertown Inspector Boon Lakin asks for Sunaya's help digging deeper into the murder of a fellow Enforcer, Sunaya has no trouble making room in her life to help him, even if it means incurring the Chief Mage's wrath. The trail leads them to a series of crimes victimising shifters for the entertainment of vicious humans. Sunaya and her friends race to identify the perpetrators and free the survivors, and the stakes are heightened when she discovers one of the victims has a connection to her. But if Sunaya is not careful, she may end up a very dead shifter herself...

Book Three: Hunted by Magic With the sudden disappearance of Iannis, the Chief Mage, Solantha has erupted into pandemonium. Citizens are rioting in the streets, the Mages Guild is on a misguided warpath, and shifters and humans are fleeing the city in droves. Ridden with guilt, Sunaya defies the Mages Guild and goes off in search of Iannis, trekking into dangerous, uncivilized territory to try and make things right. But Sunaya's relationship with Iannis isn't the only thing at stake -- if she doesn't find him soon, the Resistance might just succeed in plunging the Northia

Federation into a devastating and bloody civil war. Additional books continuing the series and not included in this set: Marked by Magic (book 4) Betrayed by Magic (book 5 - coming soon!) Future titles yet to be announced

Customer Reviews

Jasmine Walt continues to weave a wonderfully simmering seduction with a fast paced plot in Hunted by Magic. If you havenâ™t read her first two books in this series, do yourself a favor, and start with the first one, Burned by Magic. The stories build on each other, so reading each book in order helps to make sense of the charactersâ™ motivations and roles. Waltâ™s world building of mages, shifters, and humans is simultaneously dark, seductive, reverent, and sometimes funny. The stories are written from the point of view of the heroine, who is likeable and believable with her kick-ass personality, flaws, and sense of loyalty to her friends. The hero is a dangerous, seductive, and intelligent alpha male, without the caveman-esque features of some in this type of genre. This makes him deliciously enticing in my opinion. You wonâ™t find insta-lust/love in these characters. Their relationship builds along with all the secondary characters. The authorâ™s fight scenes are well done, and are a testimony to Waltâ™s martial arts training â “ bringing an authenticity to the

action. While she certainly doesn't pull any punches, she isn't gratuitously graphic with the violence either. Whatever violence employed is important to the plot. Also, just when I thought I had the storyline all figured out, Walt surprised me with some great plot twists. Thankfully, there is no cliffhanger in this novel, but Walt has clearly set the stage for the next book in the series. I know I'm hooked, and eagerly await more stories from her. If you love the authors Jeaniene Frost, Ilona Andrews, Chloe Neill, Patricia Briggs, Lesa Shearin, and Darynda Jones, you owe it to yourself to add Jasmine Walt to your reading list.

I have been a fan of this series from the very beginning when I came across the pre-order sale of *Burned by Magic* by accident on at the end of last year. Ms. Walt draws you in from the first chapter of the first book with a well-drawn protagonist, Sunaya, who is a wonderful, strong female character. Adding in an excellent romantic lead, Iannis is a cool, complex character whose depths are explored in each book, and he is a great foil for Sunaya. There is a slow-burn type of build-up, which makes their inevitable romance so much sweeter. They make a truly wonderful couple you will come to love. Add in an intriguing and action-packed plot with great side characters to make a well-rounded cast of characters and your eyes will be glued to the pages of each book in the series, not wanting to leave the world introduced by the author. But don't take my word for it. Get this box set and see for yourself what many, many other readers already know: this is a highly entertaining and great series. Highly recommend!

Finally, a series that starts off with promising character development involving adults (I'm sick to death of teenage dramas occurring in 20-something year old main characters!) that really does deliver the goods! Jasmine Walt's series reminds me of Patricia Briggs a lot: a main plot but mini-plots to add interest....Magic, shifters, mystery, tension. The first in the series builds a nice plot filled with really interesting characters and a very rich world that is refreshing to imagine. I think our main character, Sunaya, is going to grow in this series, and in this boxed set, you will really see her shining heart of gold (don't let the tough exterior fool you!). Lots of life-altering changes for her. I love her character, I and think she's endearing, smart, and sassy. Fearless yet vulnerable. She's young, but not too young. I love the sexual tension that is also taking place behind the scenes as we go through each installment. I enjoy the pacing, the writing was spot on. No cheesy scenes, expression, or idioms. Just good old-fashioned reading! Each book gets better and better, and the story and characters keep you wanting more. I definitely recommend this series. I can't wait for more and more!! Excellent read!

I loved reading *Hunted by Magic*. As soon as I started reading I was pulled into Sunaya's world. Sunaya is a Jaguar shifter and Mage (a person that can use magic) and when the Chief Mage Iannis and his assistants go missing Sunaya and some friends go on a rescue mission. I found this book to have a few surprises and turns... but on the true meaning of excitement and it kept me wanting for more. I received this copy to read for my honest review... and I also bought the book to support the Author! I give *Hunted by Magic* a super star rating... I loved it and can't wait to read what happens next... Jasmine Walt is an awesome amazing writer... I love how she creates her characters in this series...

When you've got talent, you share it... And Jasmine Walt has got the talent. This is by far my favorite read this entire year. This is a fun way to read, the box set. You get to read so much in one sitting, for those of us who waited for each book, let me tell you it was still worth it. Jasmine's ability to draw you into the magical world of Mages, Shifters, Witches and Humans is fan-freaking-tastic. If you want a good read, a fun story that keeps you glued, this is the read for you.
