I received an ARC in exchange for an honest review. Many of my favorite paranormal authors have banded together to present Hot Shifter Nights: ten hot and steamy stories involving bears, wolves and a dragon. The stories vary in length and provide the ability to find the right read for the amount of time you have. Many are the first books in a series and provide great introductions to each author's work. Anna Lowe's "Damnation. Jess and Simon were once in love but he broke her heart when he said he would not mate with her. On the run from rogue wolves, Jess and her sister, both wolf shifters, take refuge with a pack that also gives them jobs at the local bar. No one is more

surprised than she to learn that the Blue Moon is owned by her former bear shifter lover Simon and his brother. Believing her dead, Simon never stopped loving Jess. Can past hurts be set aside? Michele Bardsley-The Dragon's Wife. Although the least qualified, Shannon Bram has been granted a coveted award to excavate the family land of the reclusive Aiden Kearney. A dragon shifter, Aiden believes Shannon to be the reincarnation of his long lost love and has two weeks to convince of her such as old enemies circle. Lily Thorn- Hunted by the Alphas.
