Synopsis

Bestselling Shifter/Vampire Novel. Series reading order - 1#Chosen by the Vampire Kings 2#Stolen by the Alpha Wolf 3#Unlikely Mates 4#Awakened by the Vampire Prince 5#Mated to the Vampire Kings 6#Wolf Whisperer (Novella) Although this can be read as a stand alone, please start with Chosen by the Vampire Kings for the most enjoyment. The arrogant vampire kings have always proclaimed themselves to be the rulers of all the non-humans making war between the species inevitable. In order to win, it is imperative that the shifters steal the chosen human female. The alpha wolf will take her for himself thus weakening the position of the bastard kings. No heirs means no future for the vampires. Something Ward didn't bank on was that the yellow bellied elves would turn tail forcing the wolves to flee or face defeat. In desperation, one of Ward's pack members grabs a female vampire taking her with him to the wolves' hideout deep in the mountains. The alpha is forced to take responsibility of the female until the dust settles...there are things that she may not find out about the shifters...things that would put them at further disadvantage against the vampires. In a few short days he'll take her back to Sweetwater himself. It soon becomes clear that being in such close proximity to this refined, delicately beautiful creature is pure torture. A few days suddenly feels like a lifetime. How he longs to be able to get under her skin and make her lose a little bit of that ironclad control she's so desperate to hold onto. It doesn't help that some of the shifters want her dead whilst others wouldn't mind taking her for themselves. Shifter females are in short supply. Stephany watches how her estranged mate is struck with arrow after silver tipped arrow while she is dragged away by one of the enemy. Lance falls to his knees, dying from his wounds, just as Stephany is knocked unconscious. After accidentally mating Lance twenty years ago, she has remained celibate ever since. So long that she no longer even craves the touch of another, so long she doesn't even go into heat anymore. Forced to remain at the alphas side, her resolve is sorely tested. Suddenly she's feeling things she shouldn't be feeling, her own body is betraying her in worst of ways. She needs to stay strong. Especially since Ward is a wolf and she a vampire...sworn enemies. No Cliffhanger!! The Story Contains strong sexual themes/language and is not intended for readers under the age of 18.

Title: Stolen by the Alpha Wolf Bundle Series: The Chosen Series Designation: Complete

Compilation of Three Book Sub-Series, Standalone, NO Cliffhanger Author: Charlene Hartnady My

Rating: FIVE SUPER SEXY STARS*****Wow! Charlene Hartnady delights her readers again with another exhilarating adventure in Stolen by the Alpha Wolf Bundle, a sub-series and second release in her incredibly popular The Chosen Series. I love it! Originally, this story was released in three separate installments, Accidental Theft, Deliberate Theft and Determined Theft but has now been combined into one convenient compilation of all three. It's my opinion that this story can be read as a standalone but I would highly recommend reading the first book of The Chosen series, Chosen by the Vampire Kings. Charlene has dazzled us yet again with her amazing talent, astounding imagination and incredible skill, and given her readers a delicious masterpiece of paranormal fantasy, adventure, suspense and romance. Be still my heart! The story is exciting, powerful, action packed, original, compelling, thrilling, riveting, funny, heart wrenching, romantic, heartwarming, arousing, sensual, steamy and hot! The dialog is smart, witty, funny, well written and flows effortlessly. The characters are fascinating, captivating, enticing, endearing, engaging, sexy as sin and sometimes, down right hilarious. They jump right off the page, capture your heart, grab your imagination, make you cry and tickle your funny bone! The wolves have launched an attack against the Vampire Kings, unsuccessfully trying to capture their human Queen. Instead, female vampire Stephany is captured but what in claws name is Ward, the wolf Alpha, supposed to do with a female

bloodsucker? They are a different species and mortal enemies.
