Communion Of The Sick: Approved Rites For Use In The United States Of America Excerpted From Pastoral Care Of The Sick And Dying In English And Spanish

Synopsis

New and invaluable service booklet for Extraordinary Eucharistic Ministers in bringing Communion to the sick. Father Champlin, who has both lectured and written at length about this ministry, has geared the work directly for such Ministers and included a series of pastoral instructions and guidelines that will be of great benefit to them.

Customer Reviews

As a protestant pastor frustrated by the lack of material from my own church for the use in lay Communion ministry and convinced of the Roman church's high standards of liturgy and sacrament I ordered this book. IT IS FANTASTIC! Order a copy for each Lay Minister of Communion. The book in pamphlet form will transform both clergy and lay Communion to the sick, hospital, and homebound from passing them a piece of bread into a time of worship where those receiving the sacrament are made a part of the congregation and the Eucharistic celebration. For the protestant, a few minor editorial changes may be desirable. For the Roman Catholic...I am jealous of your resources and pray that one day the church will once again serve our God with one name. If the ministry of the laity will extend beyond Eucharist an extended resource called "A Ritual For Laypersons" is also available.

nice presentation, but still uses the older translation of prayers and rituals, instead I use ISBN 978-0-8146-3455-4 which has the newest translation.

I just received and read this today as a preparation for becoming a Eucharistic Minister. It was extremely well-written and includes helpful ideas on how to approach the sick and/or isolated person and help them feel a part of the community of Christ. I am so looking forward to this new aspect of my life as a Catholic and I'm sure this book will be a very helpful, step-by-step guide. (My priest also recommended "The Joy of Being a Eucharistic Minister", which I also ordered).

This handy booklet is an excellent source for the prayers to administer the Blessed Holy Communion to sick individuals. The writing is clear and follows the accepted format of the Catholic Church. It is especially helpful for those Extraordinary Ministers of Holy Communion who are assigned to hospitals.

It's very helpful prayer book, easy and simple instructions, you can find an appropriate prayer for every circumstance

Purchased this in order to replace an older Spanish-English version in order to have the new responses in English which it does. It is the best booklet to use when taking Communion to someone who is Spanish speaking.

The book arrived as expected, and as a Eucharistic Minister, it is helpful. I would definitely recommend the book and the seller to my friends in the church.

still has old version of prayers, we were told none were available with the new versions, seems like the new version should be available by now.
