# Demonic Dolls: True Tales Of Terrible Toys

## Synopsis

Can dolls really become haunted? Can demons take possession of people's playthings?

According to a large number of paranormal investigators, exorcists, and demonologists, the answer is a resounding yes. Not only are such phenomena possible, they happen fairly often, with dolls being one of the most frequent targets of spirit attachment. Sometimes those spirits are benign, or at the most mischievous. But many are outright evil and dangerous. This book examines some of the world's most famous haunted dolls. Some you may have heard about. Others will be new. All will make you reconsider the world you thought you knew. Here is some of what you'll find inside:

\* Robert, the haunted doll from Key West. A lot of the information out there about him is wrong. Find out the truth behind the legend. But don't think the truth is any less terrifying.

\* Annabelle, the demonic doll featured in the movies *The Conjuring* and *Annabelle*. Find out why the real Annabelle is much, much more frightening.

\* Peggy, the Internet sensation. Why you should think twice before looking at her picture.

\* Find out which doll started as a hoax, turned into a terrifying reality, and is now considered one of the most "active" haunted dolls in the world.

\* Discover which exotic locale and tourist attraction is a pediophobe's biggest nightmare. You won't believe such a place exists.

\* Clown dolls. Need more be said? These stories and many more are what you'll find in this collection of true accounts from the frightening yet fascinating world of haunted and demonic dolls. Reading this book will undoubtedly raise more questions than it answers, but one thing is assured: you'll never look at a doll the same again.

## Customer Reviews

Although I've read about several "haunted" dolls before, such as Robert The Doll, I couldn't resist this book because it was free. It's very well-written and kept me entertained from the beginning to the end. Creepy, scary and thought-provoking!

This was a very good read. As an avid watcher of paranormal documentaries, I was pleasantly surprised that the author of this book pointed out historical inaccuracies about the origins of dolls such as Robert. While a haunting can't be factually proven, it is there where this book feeds the imagination. I would recommend this book to anyone researching haunted dolls, and I am really pleased at the mentioning of dolls I've never heard of, since most documentaries and books often review the more famous dolls such as Anabelle, Robert, and Mandy and don't do research into new dolls to also entertain advanced readers of the paranormal. Really enjoyed this.

I really enjoyed this book. The stories held my interest up until before the end. Wasn't crazy about the clown stories. I prefer the demonic ones. Otherwise, it was well written! I would def recommend to others.

I really enjoyed this book and it gave me many things to consider since I have been interested by "haunted items" for sale online. After reading this, I think it is best for me to pass. Very interesting and creepy.

This book was truly intense! I read it in only two nights. It was very informative and written in a way that held my interest. I learned some new facts and the pictures were a very nice bonus. A great read!

We've all heard tales of haunted dolls, regardless of our positions on the scale of skepticism. Collected here are a pile of those stories, from well-known miniature miscreants such as Robert and

Annabelle, to internet mainstays like Harold the Haunted Doll, and numerous lesser known dolls with... Ahem... Questionable habits and provenances. Regardless of your belief standpoint, each article is interesting and well written, and some of them - Claire and Peggy come immediately to mind - are incredibly disturbing. The last section and it's warning of "caveat emptor" as regards deliberate purchase of "haunted" objects is perhaps a much needed warning, whether you take it to avoid being scammed or because you don't really want that lovely Eeyore plush choking you to death one night. All in all, a fun read and had some cases and information I hadn't seen elsewhere before, so worth checking out if this is your sort of thing.

I really did enjoy reading this book. Nicely written and the stories are well told. In all honesty, I bought it because it includes a story about the Harold the Doll, and I'm the doll's caretaker, so I wanted to see what was written about it. I did enjoy this book about this subject overall though. Good job, John.

I very much enjoyed this book you like haunted stories about real experiences that people have that you will like this book very interesting...I would read more by this author
