Eleanor And The Iron King

Synopsis

Eleanor de Lacy has been bartered: her hand in marriage in exchange for a truce with her father's sworn enemy. Now the headstrong beauty must leave her ancestral home and the man she secretly loves to become the wife of the infamous Welsh king Brach Goch. Tales of this cruel leader paint a chilling picture of a ruthless warrior, and all Eleanor knows for certain is that he is the villain responsible for the vicious attacks on her people and the death of her beloved brother. Though she must marry against her will, she vows Brach Goch will never possess her heart. Her arrival at the inhospitable castle Bryn Du confirms her worst fears—a ghost walks the halls of the castle, and Eleanor receives an ominous warning from the uneasy spirit: Brach is not to be trusted. Though resigned to a life of misery, Eleanor soon realizes all is not as it seems, for Brach is not the monster she dreaded but is a handsome and charming man whose gentle ways soon undermine her resolve to lock her heart. Clinging desperately to her pride, Eleanor finds herself trapped in a web of murder and deceit. And as the lines between good and evil become blurred, Eleanor must decide for herself who is to be trusted—and loved.

Review found at: www.awesomebooknut.com Oh. My. Word. I LOVE this book. Seriously, LOVE this

book. I read the whole thing the same day I got it in the mail. Yes, itâ€™s THAT good. I didnâ€™t expect just about anything when reading this book. Things in here were completely unexpected I had no clue! There is so much in the book, I wish there was MORE to the book, I didnâ€™t want it to end! It has romance, a ghost story, mystery, paranormal activity, and political intrigue. The book follows Eleanor who is forced to marry the man who has been the means of so much pain for her and her people. He has come to her lands and have caused wars and bloodshed to the point that her brother went off to fight him and never returned. So when she is forced to marry the King in order to save her people and have peace she does it out of pure duty. When she meets her future husband, she constantly reminds herself of everything she has ever heard of him - this warrior king. Yet this man is nothing like she heard from her father. When mysterious things start to happen to her, she has nobody she can trust and nobody she can really turn to but her fianc . Eleanor is such a likable character, I didnâ€™t really have any problems with her. Sheâ€™s loyal to almost a fault, she desirous to help others even her fianc  whom she fears. I just liked her. The creepiness with this story was fabulous. There was a right amount of mystery and thrill that had to turning the page to find out what the heck is going on. The twist and turns were a bit obvious except for ONE thing and I didnâ€™t see it coming. The romance was perfect. Slow moving and romantic enough that it kept you invested and interested.

1.5 Stars and thatâ€™s being VERY generous. Oh this bookâ€™s |.. So much promise with so much flat return. I had high hopes with an intriguing setting and a potentially lovely romance (the arranged marriage gimmick is a new love for me). With an added supernatural flair, I was expecting a great book. Yet sadly, this book failed to deliver on almost everything. I did like the Welsh, medieval setting. It was nicely pulled off with green, misty hills and forests. There was a certain air of mystical potential that I liked. There were also moments in the romance that I liked too. When Eleanor could actually deem to trust Brach and have an actual conversation/interaction, I liked how they played off each other. They had the potential to be a great romantic duo. Where things started to go wrong quickly was the main character. She started out OK with some nice spunk to her. Unfortunately, she turned into the worst sort of shallow, stupid, and teenage YA heroine. She rushes into situations without the slightest pretense to planning. Stubbornly refuses to change her opinions or viewpoints after presented with evidence. She constantly jumps to conclusions on the flimsiest of information. And she doesnâ€™t have the sense of a dodo bird in whom she trusts or how she acts. Brach was much better, probably because heâ€™s older and more mature. Yet, weâ€™re given such little time with him that the reader isnâ€™t given much of a chance to get to know him deeper. I found this

very odd for a historical romance as it takes two to have such a relationship. So much time is given to Eleanor and her bungling antics that Brach is left in the dark most of the time. The supernatural flairs to this book were promising before they started but quickly lost their luster.
