Filthy Truth (Second Chance With My Brother's Best Friend, Book Four)

Synopsis

**** Filthy Truth is Book 4 in the sexy new series from romance author Paige North.**** Landon Hill is a filthy liar. He was my brother's best friend, my first crush, my first love...my first everything. And then he betrayed me. How many times have I thought about it? How many times have I relived the moment when I found out he left town without ever saying a word? And how long has the memory of him consumed my every waking thought? Three years. That's how long it's been since I've seen or heard from him, the only man I ever loved. The man I now despise. But suddenly, without warning, Landon Hill is back. And to make matters worse, he's somehow become rich beyond imagination, and he's opening some mega business in town and walking around like he owns everything in sight. Including me. But I'll never be able to forgive him, even if the fire still rages between us. In the end, I know that he's never to be trusted. He's a filthy liar.

O-Kay.... This series is starting to irritate me a little! Just when it gets juicy were left with 'another' cliffhanger. Landon seriously has multiple issues going on. First his wife (who he claims as an ex

because they haven't lived together for awhile), then his father dies who he despises, his best friend Matt giving him troubles at the funeral and then there's Taryn. Will he ever get his life on track??? And Matt, what the hell is his problem...??Ready for Book 5.... Hope it doesn't take forever like his one. Also this book (#4) has more typo and grammar errors, nothing serious but definitely noticeable.

I have to say content wise, interesting storyline this series is fairly good. Some editing improvement would be beneficial. I've read up through the fifth book. The rating I've given doesn't really affect the content, as much as a being a warning: buyer beware. Read on...But Book 5 ...that's it for me. I am just too disgusted at how this author has published these "books". I realized when I got to the end of book 5...guess what? Yep. Book 6 is available. Seriously, Paige? Book 1 has only 61 pages (yeah, that's right! A measly 61 pages) and you call that a "book"! Maybe a short story...but it is not complete, so that wouldn't be accurate. No, there are many more. Book 2 has 104 pgs, book 3 has 230 (the most of any part of the series and it still isn't "book length"), book 4 has 98 (!!!), book 5 has 104. I'll do the math to save you time- that's a grand total of 597 pages and the story still hasn't been wrapped up- and no end in sight. I started this series when reading the anthology "Tall, Dark and Alpha." If I'd looked I would have noticed it only has five chapters and ignored that particular book. But after reading that much (and not having a clue there'd be countless more before reaching an ending) I eagerly downloaded the second book. Fortunately, I have kindle unlimited so I paid nothing to read 1-5 and anything to come would also be free, but enoughs enoughs. I share this information so that anyone that does have to pay to read, you are at least aware this series goes on and on. At 597 pages so far, all five "books" could have been published together, and it would still be a fairly short book. There's simply no reason to jerk readers around like this. It's a ripoff and disrespectful to readers.

This is my first time reading Paige North work, I really enjoyed all of the books. I loved all the characters even evil Alexa and I can't wait to see what her next move will be, she adds spice to the story line. I wish Taryn had more back bond and stand up to Landon. even though the sex is incredible they need to really talk. She needs to put her needs first stop caving in to his selfishness. Matt needs to butt out. I wish the books had been combine into a longer book.

This series is basically just 4 chapters so far. It's a joke just wait to release the whole book once you finish it!!!Other than that, I like the story but I forget what has happened by the time the next book

comes out.

I've enjoyed reading your stories. Don't know if I will remember that there is more to read. I don't like to keep waiting for more books and it costs way too much to keep buying them. And the extra books at the end I have already bought.

I received this as an ARC in exchange for an honest review. I love this series, and the story will keep you on the edge of your seat to find out what happened next. I enjoyed reading this story because it was full of emotional angst, scorching love scenes, a compelling storyline, and this book was well written by Paige North. I also love how the romantic relationship builds between Landon and Taryn. Taryn is so in love with Landon that she will do anything for him. All the drama and intrigue happens when Taryn flies back home after she finds out that Landon's father died. Will Taryn be at the funeral with Landon, after discovering he is married? Will Landon's wife attend? Trust me, you will enjoy reading this book, and you will not be disappointed because this book will pique your interest.

I received this book as an ARC for an honest review. The story line really gets interesting in this 4th book. When Landon's dad died, she flies back to be there for him. When she finds him in a mess she says she's not leaving. With everything against them, his wife and her brother, they fight for their love enough though he still hasn't told her. I love it when he puts the gold-digger wife in her place time and time again. Your heart goes out to him even though you know he can't be trusted.

I really don't care for this type of story, where it is full of immature angst. I end up wanting to smack the characters and tell them to grow up. Also, these very short glimpses of a story are something else I don't like. I don't mind a cliffhanger, but these stories are way too short. I received a copy of this book in exchange for an honest review.
