## Synopsis

He was supposed to take my life... Instead he made me his. Valetti crime family underboss Vincent Valetti is hot. Like a jaw dropping, lip biting, panty wetting kind of hot. Tall and muscular, with the kind of dominant, cocky attitude that makes a girl's knees go weak. He commands respect and fear from the familia, and he deserves it. He's earned it. As for women | they can have one night and the most amazing f\*ck of their life, but that's all they get. Until Elle Hawthorne. Gorgeous, curvy, and looking for an escape, she calls to Vincent. Her innocence begs him to take her | f\*ck her, ruin her for all other men. Worse, he wants to protect her. In Vincent's care, Elle witnesses a terrible crime -- and if she breathes a word of it, the Valettis are screwed. Torn between the woman he craves and loyalty to his family, Vincent is put to the test. He should kill her, but he can't let that happen. He won't. Vincent's a man who takes what he wants. And he wants Elle all to himself. She was in the wrong place and at the wrong time. Now she belongs to him. How far will Vincent go to protect the girl who should be next on his hit list? This is a standalone, full-length mafia romance with a filthy-mouthed, possessive bad boy. Guaranteed HEA.

## Customer Reviews

I received this for a honest review. Though this is book 2 of the Veletti Crime Family series this book works fine as a standalone. This was such a great book. Elle Hawthorne did not know how her life was going to change when she walked in that restaurant. She had no idea that it was the main headquarters for the mafia. She was just trying to escape the things she was going through not meaning to walk into danger. I truly felt sorry for Elle. She truly had a crummy life. She was in college and had her hands full with her mother. She did not have a mother that loved her. All her mother wanted her for was a way to get money or take out loans. The best thing that could happen to Elle would be her mother ripped from her life. Her mother is pure poison the Ellie's life if you ask me. Vince was a mess..LOL When he saw Elle all he could think about was how fast he could get in her pants. He knew that she had no idea the danger she was in walking into the restaurant. Most people knew to stay away. Vince was the underboss of his family. His father was proud of him. The one thing I loved about this mafia family is they were close. Family came first. They would do everything in their power to protect their own. So I guess when Vince started trying to protect Ellie and keep her from getting killed they had to be surprised and maybe a little betrayed. No one truly wanted to kill her but it was just the way it needed to be. I guess when Vince came up with a solution and started claiming her as his own the family had to think he lost his head. I am sure even Ellie had to be wondering what Vince was thinking as well. I think the more the book goes on Ellie's mother truly shows her true colors. It will make you sick at the way she uses her daughter.

Five stars for " His Hostage ". Well written, hard to put down book! When Elle Hawthorne came home from school to help her Alcoholic mother and hopefully get her in rehab she had high hopes of being able to continue her education but trying to concentrate at home was more and more problematic. Elle has found a spot to study at least she believes so, she has Found the Valetti Family Bistro which looks like a quite place to study and have a drink or two ; but once inside, she encounters something even more distracting than her alcoholic mother; Vince Valletti, just a hot God she can not stop looking at who seems to be taking in the sight of her as well. Unlike the shy, quite and naive Elle, Vince has no problem approaching her and going for what he wants . Before long the two of them are in the back office wrapped in one another's arms and Vince wants more. Elle however is not ready to take the next step and runs. And she runs right into the wrong room, saving her virginity but possibly losing her life instead. Vince is the underboss of the Valetti crime family and he knows that Elle should be killed , no witness , being the motto , but he just can not do it, or allow it, hell it was all his fault she ran and he did not follow her on her heels ; besides which she has gotten under

his skin. Vince's power may stop his men from killing her but he needs to make her forget what she saw, and he is hoping a few rookies may be the just the trick they need. Roofie her and put her in his bed, see what she remembers in the morning. Hostage for a knight though turns into being a hostage for many more and a greater desire on Vince's part to keep her; but how to keep her safe from the rest of the familia and not able to talk to the police.

Elle is a good girl who's working hard but is being dragged down in life and debt by her alcoholic mother. All she does is work, she's no friends and she's still a virgin and after yet another argument she finds herself struggling to concentrate on her studies. 'I'm tired of sacrificing everything for her, but I just can't say no. I can't abandon her. Even if it's draining the life out of me. I'm just lucky I was able to transfer to a local university so I could move back in with her.' So when she's faced with the most attractive man she's ever seen she's so tempted to just kick loose and have some fun for a change. Vincent Valetti's family is the mob and he's the underboss he's also a manwhore, he loves women and they love him but then he sees Elle and something about her, her innocence draws him in but he makes a mistake and Elle sees something she shouldn't and now he's got a real problem on his hands and Elle's life hangs in the balance. I really enjoyed this, I wasn't sure at first because it soon becomes apparent that Elle's mother is playing her for a fool and I struggle with books where one character is totally being taken advantage of. 'I wish I didn't have to pay her f\*\*\*ing bills, so I could move back to my s\*\*\*ty little apartment. Her poor decisions keep f\*\*\*ing me over. I can't afford to live anywhere but with her now. Why the hell did she get a mortgage? Did she have to f\*\*\* me over like that? She had to know she couldn't afford it. I told her not to do it. I knew this would happen. And now I'm stuck here helping her ass out again...
