Lillian, Fort Wayne, IN When Detective Malone kicked the husband's butt, well that just got me all started in this lesbian romance short story. I remember living out in the middle of nowhere with my fantasy man, HA. I remember my first time lesbian experience like it was yesterday. And Olivia, you just made my life hotter than hot with these love scenes. My partner loves them. We just started reading your other lesbian romance stories too. Thanks much.

Barb, Bismark, ND It was not that long ago when I had my first time lesbian lover. I remember wondering what my family would say, what my neighbors would think. But I just followed my heart and everything else just followed. Olivia Hampshire, thank you for your skills and I hope you continue to write these lesbian romance short stories so that others like me can free themselves from bondage.

Nancy, Jefferson City, MO Olivia Hampshire, how could you possibly know. My daughter was having her first time lesbian experience, relationship, whatever you want to call it and it seemed like she was really enjoying herself. It took me years to catch up with her freedom and joy. She gave me this book as a Gift, this lesbian romance short story, and it brought back many, many memories.

Karen, Phoenix, AZ Can someone tell us what is going on? a husky voice said. Helen looked up and into the greenest eyes she had ever seen and for a moment she forgot why they were all there.

M Detective Malone and you are she continued. Helen swallowed a lump of saliva and cleared her throat. My name is Helen Connors and that's my husband Bruce, Helen said her eyes still on Detective Malone. What happened? Detective Malone urged, her voice noticeably softer. My husband and I, we had just come home when we found Helen's voice trailed off and she threw her hands up helplessly. We found that dyke, coming on to our daughter, Bruce interrupted. Detective Malone moved towards Carol and to Helen's horror, her cheek was bleeding. Detective Malone swiftly helped a weeping Carol dress and then led her to the couch. Who did this to you? she asked her gently. Carol looked up and nodded towards Bruce. It was as though the action galvanized Bruce into action again. He jumped on Carol and both of them tumbled onto the couch and he rained blows on her. Detective Malone grabbed Bruce from behind. Bruce turned and aimed a blow at the Detective, which she ducked from and then in one movement, she punched him in the face, grabbed his hair and thrust his face into the wall. That took Bruce to the floor. Handcuff him and take him down to the

stationâ , she said with obvious disgust.â œWhat? Are you insane? I find this woman in my house, molesting my daughterâ |â •The two policemen worked fast and within minutes, they had Bruce in handcuffs. â œTell them Helen, tell them what she was doing,â • Bruce yelled as he was led away. Detective Malone sat next to Carol and whispered to her, calming her down. Helen watched in apt admiration. She had never seen a woman detective as attractive as Malone was. She had short blond hair, cut into a stylish bob and was slim but curvy. Helen blushed when her eyes lingered over the Detectiveâ™s hips, their soft curves visible under the dark blue trousers she wore. Her badge was on the shoulder of her shirt. Helen wrapped her hands around herself, feeling a chill despite the warm weather. Detective Malone stood up then and came to her.

Customer Reviews

Cop Licked has been a very unforgettable read. I find the story so different from the usual lesbian themed stories I have read before. This story has substance, it has a "story" and just pure erotic scenes and languages. I appreciate the subtle language and words used here, I love the over all story of Helen and Maxine. I could read this over and over and will still have the same feeling of

appreciation.

Ok, I'm really starting to like Olivia's work in this genre. She has such variety. Start off the book with hot tension, then completely change in the next chapter. Somewhere while reading this book I kept thinking this isn't really a crime story. It's probably just a long acting scene like the intro to a porno. Book is totally different than what I'm sure many readers expected, but in a good way.

I gotta say, this book really does it for me. It's a straight-to-the-point, turn up the heat -story. Hot, tense, sweaty are just a few words to picture this book. Could come very handy if read together with a partner...Without further ado, if you're aware of what good girl 2 girl romance is all about, go ahead and grab this book.

This is a really good, steamy, erotic book about lesbian lovers and I found it very entertaining with lots of unexpected twists and turns. I really loved the way the author developed Janet and Carol's characters. The book was a bit on the shorter side, but all that is doing is leaving me wanting more | I can't wait to pick up the next book! I'll definitely recommend this to all of my friends who also like reading erotic fiction.

This one is quite different compared to the other books I have read in the past. The author really made sure things were not as common and cliché. It has twist that made things unique and there's a strong character development which I like as well. It's really mind blowing but I don't find it trashy and just really perfect for the story. The words used were straightforward and comprehensive. Good story that everyone will enjoy.

I didn't know what to expect but as I got into the story I found it wonderful very entertaining. This was a story that surprised me while unfolding. Hot and crazy ride full of twists and turns. I really liked the characters and how they interacted. Too very different personalities, that worked well as a couple. I recommend this book.

I absolutely love this story, plus I can't wait to read Olivia's the other books. Writing and plot suck me in to the story. Intimacy, erotism, love this story is giving you more than what you expecting of. Janet, Helen, and Maxine well developed characters in the story and It makes you feel like you are in the scene with them. Highly recommended!

Hot..hot...hot.. I totally loved this book. Every flick of the page was an intense one. I never knew I would love this type of sensual books, but I just did. I recommend this to other readers as well most specially to LGBT community, though I'm straight. Nice one!
