## Customer Reviews

If you are into sexy alpha romances filled with intrigue, action and danger, you will love this read. When Sophie and her bff went out for the evening, Sophie never imagined she'd meet the man who'd change her entire life. Mark was not your ordinary man. He was dripping with sex appeal, and carried himself with a confidence that caused your temperature to rise. Mark however; kept secrets about himself and his life. Falling for Sophie complicated things, especially when the truth was revealed. I loved this story. The relationship between the main characters sizzled, and the dangerous journey they took together was fascinating. I was glued to my e-reader as the storyline

play out. It recommends this book for those looking for a mysterious, dangerous, but hot, sexy and romantic love story all combined into one.

This book was as bad as it gets. The H/H decide to get plastic surgery in South Korea and then come back to fight crime!?? This was no romance novel, it reads more like a bad comic book. If you and your boyfriend are on the run and fighting crime, why talk about having kids? Books like these are a waste of my time and money.

That I'll never get back. Contrived plot, unbelievable characters, and don't get me started on all the misspelled words, misused words and grammatical errors. Only semi-good thing about this train wreck is that it was free.

I really wondered how this book would go.. I was extremely surprised! I was thoroughly intrigued with hitman, suspense dirt politics, rival type gangs and dirty cops all mixed along with some sexiness and romance! I liked the Story of Marcus And Sophie and excited to read Ambition next to see what happens with Tabby!!

Mark could easily be a fantasy for just about any woman. Hot and sexy yet kind and thoughtful. He and Sophie had a great love story. Hit man and sniper, wow! Enjoyable read, loved the complete collection!! Nash. Wow what a man! Mark could easily be any woman's fa

LL has written a novel about two women who meet in college and become good friends and stay in touch after they graduate. One becomes a business woman and the other is studying to be a Physicians Assistant. They maintain their friendship after college and go to the same bar once on awhile. Then the PA meets Mr. Cool. This is an excellent read for the genre..... ER

I had never read any book by Lauren Landish and truly enjoyed this story. Mark and Sophie have an unusual start to their relationship, however in the end their love wins out. I enjoyed how Mark wasn't your typical alpha billionaire and was looking in his own way to do go in the world. I can't wait to read book 2 and see how Mark and Sophie are doing and read about Tabby falling in love

Very well Ritter book. Kept my attention and had me coming back for more. This book has romance, scandals, mystery. You couldn't ask for a better story line. Mark is a lover a fighter and a billionaire.

Sophie is sweet and caring and the girl you love from first impression. When together there deadly in all acts. A must read.
