Customer Reviews

What a great story. I was drawn to Nate and Ana's story. Nate, a Navy seal is the one who rescues Ana and she slowly finds herself beginning to trust Nate. She is mistrustful of men because of all she has gone through. This collection also includes the stories of his brothers, Chase and Jackson Jeremiah is brought into the story, but we are left hanging with his story. Lots of twists and surprises that will keep your interest from beginning to end. You will enjoy this series. I received an arc copy in return for an honest review

This book was pretty good, but I cannot give a better review, due to the constant terrible mistakes in spelling, and the even worse horrible grammatical errors throughout??? What happened to the proofreader?

I really liked the three brothers Nate, Chase and Jackson I don't know why you brought Jeremiah into the picture and left it hanging with no end. I would have wanted to know what happen to him. I disappointed to find out in my mind that this what not the complete story.

I love this book. When I first started to read I really thought it was going to be dark and suspenseful. When Ana starts her story out at the begin you really felt the sorry and the hurt for her thru the words of the book. Claire writes so good that the words make you want to keep reading until your done. Then comes Nate, the strong hero that has his own problems but he is there to help out Ana. I don't want to give to much away with about the story but lets just say you won't be disappointed. Nate and Ana start out trying to heal and work together and then it forms into more then that. They make each other better and protect each other. I would suggest this book to my friends and I suggest you give it a try. I really think you will fall in love with Ana and Nate.

I received this book in exchange for an honest review. I fell in love with the 2 main characters. Ana, my heart went out to her. Here she is, jumping in feet first into a relationship with a man she's met on the internet. Only to....(spoiler can't tell you). Then we have Nate. He's the knight in shining armour that Ana's been looking for all along. Once Ana leaves her solace and has to return to the real world she ends up staying at Nate's cabin with him. The fireworks commence between these two. Ana knows that Nate has a dangerous job and wants to learn as much from him to help protect herself. This was a great book. I cannot wait for the rest - please tell me there is more coming in this series???

Nate who is a Navy Seal rescues Ana from Stephano home. Ana has been through a lot and has some real emotional issues from this. It is hard for her to trust men. Nate offers to take care of Ana and have her stay in his Cabin with him. The Nate get Deployed to Syria and has to leave Ana behind. How will Ana handle this, is she ready to be left alone? You will need to read it to find out. In my opinion this is a must read.

When Nathan helped rescue Ana he felt something that he never felt before. Ana after staying and

talking to counselors about the trauma she went thru, she finally can go home and Nathan offers to help Ana since he knows what she is going through. Nathan and Ana are comfortable around each other and that is a huge because Ana doesn't trust men easily. With the threat still out there Nathan will do anything to keep Ana safe. But when Nathan needs to go on an assignment will Ana be safe? I couldn't wait to read what happens next with Ana and loved Nathan and Ana together

After reading about Chase and Jordan and the rescue efforts of Nate(Nathan) this book was pretty good..Ana has a lot of surviving issues after being swayed by the internet to come to America to meet her future husband .. well we know in the first book how that turned out ... this book is like several weeks later Ana is ready to leave the Rehab place and Nate is asked to let her stay in his Mountain home...Nate already has desires for Ana because he of course rescued her ... he was the one to carry her out and hold her and look into her pretty blue eyes ...Nate is needed to do a spec ops job in Syria which is a war torn country while Ana is still being searched for by Capoli's men but she doesn't trust easy and when one day out running she comes across a house that has pictures of her and Nate.. she gets back to Nates mountain home only to be frantic that they leave immediately... Nates accepts this and they head out ...he leaves her with his boss but Ana is somewhat afraid and feels the need to be with Nate so she happens to make it to Syria and in an accidental way actually does help Nate and his men...I really enjoyed this story ..the only negative I can come up with is there is a bit too much repetition of thoughts between Ana and then Nate ...for remind you Readers I am only one person and you may not feel that way ... that's the only reason I give it 4 stars...1st story is found in >>>Chase -The Complete Romance Series (Suspenseful Alpha Billionaire Bad Boy Romance)
