## Customer Reviews

Came in on time, and was the right product. I needed it for a class and it worked well for me. The only reason I used it was for the kanji exercises everything else was online. I enjoyed the space they gave for practice and the sentences they used after helped me learn

Totally helped me out for my Japanese class saved 30 dollars because the one at my college was asking for 105.99 which is ridiculous and this is only 75 bucks what a good deal. If you take a Japanese class and you need this book do it!

Accompanies the Nakama 1 textbook. This is a great learning aid and has really helped me get a good understanding of everyday Japanese.

Ass backwards approach to learning Japanese, you'll never be able to have a genuine conversation with someone using the Nakama books.
