Pathfinder Campaign Setting: Occult Mysteries

Synopsis

Unravel the secrets of the Pathfinder world with Pathfinder Campaign Setting: Occult Mysteries. Inside you'll find an exploration of some of the Pathfinder Campaign Setting's greatest mysteries, from the creation myths of various cultures to theories on the identities and ultimate goals of its veiled masters. Look behind the scenes of some of Golarion's most notorious secret societies, including the Anaphexia, the Harbingers of Fate, and the Night Heralds. Adopt new options to incorporate astrology, harrowing, numerology, scarification, and spiritualism into your campaigns, and explore the contents of a half-dozen occult tomes — including Osirion's book of the dead, the mysteriously missing Volume 5 of the Pathfinder Chronicles, and more! With Pathfinder Campaign Setting: Occult Mysteries, Game Masters and players alike will find the tools to tap into the power of the stars' alignments, contact the spirits of the dead, and read the enigmatic Harrow deck, all to better understand the past, manipulate the present, and predict the future.

This is a phenomenal resource for any GM looking to spice up their campaign. First, the good stuff (in my opinion):

1. Like the Pathfinder Chronicles: Faction Guide, Occult Mysteries lists many groups working towards mysterious and unknown ends. Here, there is both fluff and crunch, as it lists each group's backstory and motives before delving into specific mechanics for each group.
2. This book provides all sorts of occult campaign ideas and mysterious adventure hooks to rope the players in with intrigue. The book doesn't disappoint in this regard, as Occult Mysteries details some of the most mysterious events and artifacts on Golarion. The book doesn't definitely answer any of these

mysteries but instead provides a huge range of possible outcomes, so it's completely tailorable to each GM and each group's motives.³ As far as specific crunch is concerned, there is a new prestige class, several feats, a new oracle mystery, and details on numerology and astrology. Overall, I looked this book and immediately read it cover to cover to get some ideas for my own campaign. A must have for any GM looking to throw the occult into the mix.

Not a whole lot of "crunch" in this one, but lots of great "fluff" as they say. Really fleshes out some of the more creepy/mysterious/secretive organizations of the pathfinder campaign setting.

An excellent if non-conventional book that covers a vast amount of topics. From secret societies to Spiritualism. From fortune telling to the mysteries of the origins of Gnomes. This is the book for any spellcaster looking to expand his repertoire.
