Customer Reviews

So let me start this review like I do with most, there will be spoilers, but I will try to warn you before I place those. So let's get to it, the good, the bad, and the ugly.The Good: The book continued with our characters, Cara, Wyn, Perce, trying to reconcile the events from the first book. The book was good, probably more 4 1/2 stars, but not quite the 5 stars I gave the first book. We are introduced

new characters that I like and some that I don't, but you're not supposed to. With Lance not being around for the main focus, the reader gets to learn and love Wyn and Perce more (which leads to some of the ugly, I'll explain in the spoiler part). Its a fast read that doesn't really introduce you to a lot of new Arthur Legend, but more Fey legend. I was more use to the writing style, (American Grammar vs European Grammar) so it was as distracting as it could be in the first book. But I still loved the Characters. I loved the knights and our modern day female Arthur. The bad: Here is where the spoilers will start to seep into this review. So you are forewarned. I say bad, but don't take it as bad bad. My biggest complaint with this book (even more so than the first) is that everything went to fast. It was about 110 pages shorter than the first book and when reading, you missed those extra pages. The scenes moved into one another almost skipping along. I wanted more dwelling on things, more to the battles, just more. The order of Camelot was introduced, but never really flushed out. Cara finds herself in Lancelot's tomb staring at a carving of herself and this is not really dwelt upon. She goes though this massive quest to get the Ring of Dispel, but never really has need for it. It was as if the whole scene was written simple to find the tomb.

Seriously. I cannot give this book enough praise. This series is a must for every one who loves the classic Arthurian tale of King Arthur and Sir Lancelot with an ingenious spin. Not to mention this cover - I mean really?! I try (as the old saying goes) not to judge a book by it's cover but seriously-- how completely beyond gorgeous is it? I know I did a cover reveal for it and gushed about it there but I feel it bears repeating (regushing? LOL)I was fortunate enough to receive an advance copy of this book and man oh man...right in the feels from the get go. Nicola S. Dorrington has continued the story of Cara and her Knights as she is comes face to face something worse than a vengeful family member and is forced to choose between her Destiny, the greater good, and her hearts desire. We are also introduced to another sect of the Arthurian world; one who may or may not have the most honorable intentions for our heroine. I definitely thought Cara was resilient, going with the flow while she accepts her role in this new, bigger world she was thrust into in the The Last Knight, but this book solidifies how tough enduring, and strong she has become. Even though she has her Knights by her side, many of the adversities she encounters require her to face them alone. We also learn more about both Gwyn, Percy and Lance as well as connect some of Cara's life before Destiny changed it forever to her life now. I loved that we get to see Cara grow to her full potential - from simply trying to blend into the walls to standing up for herself when it counts. She truly grows comfortable in her skin throughout this book which is, in my mind, a great attribute to have in a lead female character.
