# Masoul (Harmony War Series Book 2)

## Synopsis

The EMFC Reclaimer returns home to the Sol System, its people still fresh from combat. The crew are in for some much needed R&R as they take on fresh reinforcements. But leave is cut short when an encoded message arrives. The EMF at Masoul are facing something that no one saw; they need the best; they need the crew and Troopers EMFC Reclaimer. When the Reclaimer engages on Masoul, one thing becomes immediately clear . . . Masoul might just be the beginning.

## Customer Reviews

Another great read. Looking forward to where Michael is heading with this series. There are still a few spelling and edit action errors but they don't detract from another enjoyable read. Well paced and shows a deep understanding of the mind of a digger .

Good idea to put a cult as an enemy, power armor is always welcomed. In the book a bit too much direct fight, short of strategy. Any enemy has organization , usually the organization and structure of command is a primary target. Here fight goes hand-a-hand without deeper consideration.

Excellent military SciFi at its best Michael Always does a excellent job....now the wait for the next....I can see subtle references that are really piquing my interest of things to come this could very well be a epic series

This book and the one before it both have a great story. I'd happily give it four stars if the books were edited to get rid of the hundreds of typos. Also sometime the plot suffers from minor mistakes such as people getting transferred to one platoon then with no explanation one chapter later they're in another. Could be a really great series with a little work.

Wow i have read all 3 of the harmony series and the books are absolutely amazing, I love how dedicated the author is and puts out books at a good pace. I cannot wait for the next book in the series. Probably the best series I have read so far this year!
