The Stranger At The Pentagon

Synopsis

Dr. Frank Stranges was born and educated in Brooklyn, New York. He received his Bachelors of Divinity, as well as Ph.D's in Psychology and Philosophy, from Faith Theological Seminary in Ft. Lauderdale, Florida. Dr. Stranges was a member of the Mayor's Advisory Council of Los Angeles, and a member of the American Association for Social Psychology. He also held a Ph.D. from the National Institute of Criminology, in Washington, D.C., and was an accredited Diplomat of the American Academy of Professional Arts. Dr. Stranges authored several books on scientific and religious subjects, including his classic "The Stranger at the Pentagon," which tells the unusual story of a spaceman named Valiant Thor. Because Thor was a real person, who appeared in a public on a few occasions (including at the United Nations headquarters in New York City), the legend of the Stranger at the Pentagon has grown, becoming a real head-scratcher for 21st-century UFO researchers. Today, it is still one of the hottest topics in ufology, having spawned various other books, documentaries, and even feature Hollywood films. What exactly happened to Valiant Thor? Did he get back on his spaceship and return to his home planet, or did he help the U.S. government set up alien-human hybrid experimentation in remote underground bases? Or was he imprisoned - thrown in the clink - by those in the government who have been fighting UFO Disclosure all these years? Since no one knows how long an alien can live, could Valiant Thor still be alive today, in 2016, somewhere in - or under - our nation's capitol? This special Saucerian reprint - an exact facsimile of the original book - features an actual introduction by Valiant Thor himself, as well as dozens of interesting photos - covering years of ufological history. A must-have for the serious paranormal researcher.

This book did make me laugh because it is so bad it is funny. The author comes across as a blatant crook. On the first page he says he offers a correspondence course in Ufology and says that people can earn \$500 investigating sightings and landings. As to his own qualifications, "Frank Stranges holds a Ph.D in Psychology, a TH.D., D.D., B.Th., B.C.Ed., LI.D., Doctor of Humanities and Grand Evangelist of the Soverign [sic] Order of Alfred the Great"!The first section of the book is a stream of utter drivel by someone called "Valiant Thor". Sample: "My name is Valiant Thor. I am a native of the planet you call Venus. It is not too unlike your Earth, in fact we still enjoy the air-conditioned atmosphere that Earth had before the great Flood." Photos reveal that Mr. Thor looks exactly like an earthling and he is snapped relaxing outside with friends. (Stranges fails to state whether Mr. Thor's friends are from earth or Venus.)The best bit is the extensive photo section. Fans of George Adamski will be pleased with what they find here. On page 62 there is a full page photo of Adamski smiling and on page 63 there is the same photo, but a bit smaller, so the reader can perhaps see what Adamski would look like if he were a bit further away. The book contains what must be the most pathetic UFOs ever in the form of the supposed photos of UFOs and spacemen that allegedly came to visit alleged contactee Howard Menger. However, there is some interesting stuff mixed in such as the strange photo of a naked little man held either side by the hands by two men in trench coats (caption: 27" man, purportedly captured, early 1950, after flying saucer landed near Mexico City), a photo of D.S.
