They Saw Sasquatch: Close Encounters With Bigfoot

Synopsis

The majority of the encounters in "They Saw Sasquatch" were submitted by residents of the Southern Oregon area where we spent years hiking the beautiful and rugged mountains. We personally had several mysterious events which can only be logically attributed to the actual existence of a creature the likes of which is so human-like, that we now are able to accept the many reports as likely! Included are encounters reported by a U.S. Forestry Service agent, two Bureau of Land Management agents, a fireman, a sheriff's deputy, a doctor, ranchers, rural property owners, an accredited Sasquatch hunter, hikers and full-time goldminers, as well as some tourists and river rafters. Some of our contributors have chosen to remain anonymous, so we have protected their identities. We hope you enjoy reading about these interesting and sometimes frightening encounters as much as we did!

Customer Reviews

There are some very fascinating encounter experiences in this book which any Sasquatch enthusiast would enjoy reading!! There are three encounters in this book I enjoyed the most: the mushroom picker, two Bullmastiffs with owner and last one when forest ranger sees Sasquatch for the first time.
