Customer Reviews

I have been hearing for many different sources recently that journal writing is a great idea. So I started it and the first few days went off pretty well. But over the past few days I tend to get really stuck as I have run out of ideas for what I should be writing in my journal. Thank god it occurred to me that I could get some help online and while searching for journal ideas online I came across this book. I was delighted to come across such a wide variety of ideas. The book presents you with almost limitless different things from your life you could be writing about. Many of the ideas are very smart and interesting. The book is definitely recommended to anyone looking for some spectacular journal Ideas !

This is a very well written book that would be of interest to anyone who has a passion for writing. After reading this book I managed to mentally go back in time and dig out all those rewarding memories I had and put them into writing. This book suits to writers of all levels, beginners to professionals. I hope the author writes another book on this topic, by which I will for sure buy it. Definitely recommended!

Tips from this book can be used for either keeping your personal diary or for kind of organizing and safe keeping your thoughts, ideas and plans before they disappear from ones mind, this is what I am using my journal for.

I've been having this itch to write and relive old memories by writing for a while now. I found this book and it literally opened a new perspective on how to relive those memories. This book has inspired me to become a hobby journal writer and I am very thankful for that. I would definitely recommend this book.

fantastic book, I was learning new things about how to improve my journaling skills all the way

through! I keep detailed travel journals for every trip I embark on and this book is going to help me improve upon those journals tremendously!
