How To Hypnotise Anyone - Confessions Of A Rogue Hypnotist

Synopsis

Finally the hidden secrets of hypnosis unveiled! Did you know that the likelihood is at some point today you have been hypnotised!? Did you ever watch those magician's secrets shows? At last a book that gives away all the secrets of hypnosis! And most hypnotists don't know them! You will learn how to hypnotise like a professional! This is a book that will give you THE hypnosis scripts copyright free to keep and use for fun, stage hypnosis or therapy! If you have a voice you can hypnotise someone with words alone! A 100% fail proof method! Who is the Rogue Hypnotist? The Rogue Hypnotist is a top UK hypnotherapist and NLP Master Practitioner working in London, England. He has helped multimillionaires, heads of advertising agencies, top chefs, top racing car drivers, psychotherapists and councillors, law firm associates, film studio owners, Sky TV presenters, journalists, nurses, commodity traders, stock brokers, architects, teachers, sports organisation presidents, waiters, painters and decorators, 16-90 years olds from all over the world. He has an amazing success rate and can help clients in just 1, 1 hour session 99.9% of the time. He wants you to be able to do the same! Novice and expert will benefit from the "hypno-tricks" within! He remains anonymous for his own reasons | "How to hypnotise anyone" is a practical "how to" book that will reveal to you: 1. What hypnosis really is. 2. What trance really is. 3. What the subconscious really is and how to speak to it. 4. What the basic principles of successful hypnotic inductions really are. 5. 2 quick and fun deepeners that will send people through the floor! 6. How to really get genuine rapport so people trust you. 7. Learn the true language of hypnosis. 8. How to have a great hypnotic voice. 9. How to be authoritative without being arrogant. 10. What the "moment of hypnotic surrender" is. 11. What embedded commands to use and how to deliver them. 12. Learn how to spot the signs of hypnosis that others hypnosis "experts" don't teach. 13. Learn the "Pleasure Deepener" - the best hypnotic convincer there is. 14. Learn how the media, TV and politicians use hypnotic principles on YOU! 15. NLP and hypnosis myths will be trashed! Why you need this book. The facts that the so-called "elite" self-help gurus don't want you to know are in this book! Knowledge is power! This engaging book will teach you exactly how to hypnotise anyone even if you've never done it before! Guaranteed! Unlike the self-help establishment the Rogue Hypnotist is not asking you to pay thousands of pounds or attend boring 4 week lectures to learn the essential skills of hypnosis. He is virtually giving away his secrets for free! It's time the truth was known! Your hypnosis confidence is just a click away!

Customer Reviews

this book is very bare-bones but the series fills out with information as you go through it. over the course of the series, the author offers a ton of information which i will summarize below: the author provides short overall historical developments with detailed biographies of some notable and obscure hypnotists. the author explains the principles of hypnotism, including: the definitions of hypnotism and trance along with the exact areas of the mind/body that are stimulated by different types of hypnotism; hypnotic roles (trainer and subject, observers both benign and malevolent); applications of internal autosuggestion (for self) and changework (for others), external group stage work and individual clinical or street changework; MANY different examples of hypnotic abuse from the government, advertising, religions and cults, status quo forces in both traditionalism and cultural marxism, psychotherapy field, and erotic/recreational hypnosis, as well as methods for shutting down hypnotic abusers (this may be the most important advice in the entire series). the author explains the different types of preparation a hypnotist needs to undergo to become a competent hypnotist: the hypnotic gaze, use of postures and body movement, voice and microphone training (which the author doesn't explain in much detail but is very important), the process of creating different types of hypnotic prompts (statements such as commands/suggestions, either as demands or as questions) and embedding hypnotic prompts in verbal phrases, descriptions, or questions. without doing this preparation properly, one cannot hope to become a competent hypnotist. i wish the author had written more about the art of freestyling hypnotic verbal patterns on the fly.
