5 I'm holding out for an Anti-Hero STARS!!!Wow, this book packs a punch! Sofia is a journalist in Austin Texas who is investigating the story of a lifetime. She realizes she might be in too deep when the building she works in is bombed. Feeling shaky she calls the only man who has ever made her feel safe, Nate Gaines. When Nate hears Sofia's voice on the phone after months of silence, he knows she is in trouble. And thank goodness he listens to his gut, he arrives just in time to save Sofia. Sofia and Nate both have scars from the past that have kept them apart. Thrust into a dangerous situation together, Sofia and Nate might have realized too late what they really mean to each other!Whew! What a thrill ride! This book is packed full of danger, intrigue, angst and blazing hot chemistry. Nobody does the tortured and flawed hero quite like Skye Warren. There is always an urgency to her writing that leaves me on the edge of my seat and when I reach the end I can't wait to see what she writes next! ONE click this book! You will not be disappointed.

Captivating.Thrilling.Unbelievably sexy.I have so many wonderful adjectives to describe Anti Hero, Skye Warren's surprise new release! What a joy ride! I absolutely loved this book! I was riveted, caught in Anti Hero's web from the very first chapter!Anti Hero tells the story of Sofia, a strong, courageous young woman whose tragic past shapes her career as a reporter for the Austin Daily newspaper. Her bravery, loving spirit and determination to seek the truth are at the heart of the novel. Then there's Nate, a sexy, handsome military war hero turned private investigator with a passion for serving his country.A series of unfortunate events related to Sofia's career as a reporter causes her life to be jeopardized when an attempt is made on her life. As a result, she becomes desperately in need of Nate's protection. In spite of the fact that they are former lovers and the baggage associated with their tumultuous history Nate comes to the rescue, and the two embark on an unforgettable journey that will leave you breathless!Sofia and Nate share a furious passion that transcends the pages of the book. The fire that burns between them is what makes Anti Hero so enjoyable. The chemistry between these two is awe inspiring. It's no secret that Skye Warren writes incredible love scenes but it's the intensely passionate relationship and the depth of Sofia and Nates's love that makes this novel so special.Skye Warren is an excellent storyteller and Anti Hero is a true showcase of her tremendous talent. She has a masterful way of luring in the reader with an excellent plot and even better characters. This novel has it all: political intrigue, mystery, suspense, action and steaming hot sex.I received an ARC for an honest review and I can honestly say that

there is nothing not to love about this book. I would rate it with more than five stars if I could do so. I highly recommend it!

Oh definitely a hero book! Nate is says he isn't a hero, but in my eyes he really is. Sofia is a hero in her own way. Nate and Sofia are a match that fit perfectly for each other. Their story is simply amazing and heart felt. My heart was pounding hard as I read. I couldn't stop. Skye Warren has done it again with her amazing writing.

Skye Warren is my to go author when I want something well written and intense. This book was no exception and it was one of my favorite of hers! Sofia is a driven reporter with a strong sense of justice. Having known pain and misery herself, she uses all her power to shed light on organized crime. Her latest story involves danger and a seedy politician. In too deep, she finds herself in danger, fearing for her life. Nate used to be in special forces but now he is a private investigator and a member of the black ops. When the only woman he has ever cared about is in danger he will do everything in his power to protect her. The writing is fantastic and this book was a refreshing one. Skye Warren proves that she can write anything and even though this isn't her usual dark romance, it is as thrilling and intricate!! highly recommend this book. Want an alpha male with and intense sense of justice and honor? Want a heroine that fights for what she believes? Excellent chemistry? Then this is for you. 5 Stars

Anti Hero. Where do I start.... This book drew me in from the very first page, as a matter of fact I didn't want to put it down once I started reading. Action, suspense, a little bit of love. Alright maybe there was more than a little (even if neither of them wanted to admit it), what else could you possible want from a book. I enjoyed reading something a little different from Skye Warren. (Received an ARC in exchange for an honest opinion)

Skye continues to bring us swoon worthy men. Nate believes he's broken and not good enough for the sexy journalist Sofia. How wrong he is. Skye continues to give us the bad boys but Nate is a special ops Hero even if he doesn't believe it, the readers will believe he is. I think he is. Sofia finds herself in trouble while trying to break a story on the Senator, Nate keeping tabs on her realizes she has become a target, now to keep her safe gun slinging bad guys, women being held. I really enjoyed reading this different Skye book, hope there are more of these Special Ops guys coming to us. Thank you Skye for another Awesome book
