## Synopsis

The dragons are back, and they're our last chance... Isaac Morningstar III, or Zach to the few who know him, has hit rock bottom. Once an immortal, nearly-invincible dragon, he's been awakened only to have his powers and his treasure locked away until he can prove himself to be a trustworthy protector of humans. Since Zach has never liked humans, he's pretty sure he's going to end up back on ice. That is, until he meets sweet, curvy Erin, a human hairdresser who might just turn his world upside down. Erin has a pretty routine life, but that ends when a tall, gorgeous man appears out of nowhere, claiming to be an ancient dragon with immeasurable power who wants her as his mate. She doesn't know whether to laugh or run for the hills. But when the mysterious stranger saves her life and needs her help she can't just turn away. Still, the closer she gets to Zach, the more she realizes there may just be something truly magical about him. But as the forces around them close in, Zach is quickly realizing that the darkness lurking inside him may be greater than he anticipated. And the beast within may not be the only thing they have need to fear. Warning: contains ferocious dragons, fearsome fights, fiery love scenes and a fiercely cute three-legged kitten that will steal your heart. ## Customer Reviews

Wonderful first book in a new dragon series by Terry Bolryder! Erin was a kind and giving soul. Her community and workplace weren't the safest, but they were hers and she loved them. She helped when and where she could. Imagine her surprise when the scraggly bearded homeless man that she helped in turn was drop dead gorgeous but protective of her and different- a dragon?! besides, or so he tells her. Unsure of what to believe she indulges him in his fantasy, and is shown his true nature in more ways than one. A fabulous shifter romance with dragons and HEA. I can't wait to continue with the Awakened Dragons series!

Lost in a new world, hating humans enough to give up. Can Zach find the humanity inside himself? Terry's new series ties her Dragon series and Lion series together with the awakening of the original dragons. Out of time they must find why humanity is worth fighting for and if they fall in love with a human all the better.

Some of Terry's books I adore and some are just okay. None are ever bad. I LOVE most of her dragon books, But this one was just one of the okay ones. For starters we got no back story on him or her. I never felt like we got to know them. Back story on him should have been very important for us to get to know him and understand how he was before. It seems like her stories have become increasingly rushed, I felt the same about the lion stories. There is not enough time devoted to introducing the characters and making us care about them. And too much was told to us instead of letting us see it ourselves. The whole relationship felt rushed because we didn't get to spend enough time with them getting to know each other. I don't know, I just feel like it lacked the heart of her previous dragon stories and I didn't much care about the couple or what happened to them at the end. I will still read the next one but I hope it will be more on par with her previous ones.

This is a really good start to a new series. There were many questions to be answered for Zach as he entered the human world from being frozen in time. When he met up with Erin, he felt something that had never happened to him before. He was unable to take his eyes off her for one minute and she was so sweet and trusting he couldn't believe his luck. Erin felt sorry for Zach until she cleaned

him up in her hair salon and saw the most handsome man she had ever laid eyes on. Their journey began then and continued for quite a bit which took them on a rough and tumble journey of which Zach learned a lot about the things he had missed while being contained. Was she for him, could he stay with her, was he afraid of what he was or could be, he had a lot of questions about whether she may be his for all eternity too. Would they love each other, could their love survive, come and see

Once upon a time I lived for Terry B stories. I loved them. I one-clicked them. I told all my friends and family when a new book was coming out. I shared with all my Facebook groups. Now ... I don't. Her work is increasingly boring, unstable in its effort to straddle a paranormal/romance genre, and lacks entertainment value. This work is just that. I was bored, it was slow moving. The romance wasn't a romance, the sex scenes were words strung together with no seductive, erotic, or even tender feelings effectively translated, other than the Dragon loves the kitten. The writer can't even describe a hot kiss. I think her romance muse is long gone. The paranormal features are added as an afterthought: while we are told the male lead character is a dragon shifter, we hear I believe twice about one Dragon fingernail, almost catch a glimpse of some scales on his side, his eyes slit once, and the male lead almost communicates with his Dragon twice. But that's it until the end of the story and by then no-one cares. At. All. I have no idea if the heroine is a BBW or what, but she has size EEE breasts that overflow his hands. Most of the plot makes no sense from little things where the heroine is wearing a t-shirt then it's a dress, to the hero taking a plane to the fantasy island where he and the Oracle lived for constantly changing times and circumstances and reasons and relationships and blah blah blah. Look, it's just bad. Two thumbs down.

Zach is awakened and has a collar to hold his Dragon in. The Oracle wants him to observe humanity, and either decide to be for the humans or back to sleep. As he is walking down a street he sees a woman mess with a man's hair and becomes jealous. When he walks into the hair salon the woman feels bad for him and gives him a free shave. Her name is Erin. Erin sees the good in people and this new guy Zach she's not real sure about him. He's telling her crazy tales about him being a dragon and everything. But, when he saves her twice, and grows on her she's falling for him. Can Zach be sure his inner Dragon won't hurt her? Great read.

This was an enjoyable story of a dragon and a human that fall for each other. Zach is a newly awakened dragon that has had his powers suppressed until he has learned to actually like human-kind and want to protect them. He is pretty sure that this isn't going to happen, until he

meets Erin. Erin is a hairdresser that has a soft spot for the down-trodden and Zach certainly looks like he fits this description when she first sees him. She gets worried when he tells her he is a dragon and she is his mate. Wow, heâ™s also crazy. When men try to rob the shop Zach comes to the rescue and takes care of the problem. She is not sure how he ends up coming home with her from the shop, but he does. Little does she know he can read her mind and knows she likes him also. I will tell you no more of the story. There is a three-legged cat, some werewolves, and a couple of more modern dragons involved. Oh yeah and Zachâ™s enemy, the emerald dragon. This is my first Terry Bolryder book, though I have others in my to-read list. (Right now I am going to start on the next one in this series.)
