## Synopsis

**Loving Lauren:** Lauren had been raised to not be afraid of anything, and she lived by that code, that is until her dad died and left everything in her hands. Now she's not only in charge of her two younger sisters, but she's running a full-blown Texas ranch. Caring for a thousand-acre ranch has its ups and downs, physically, mentally, and financially. All she is looking for is a little break. What she doesn't have time for is someone who will only complicate her life further. Chase is back in his hometown. Helping his dad with his veterinary practice is high on his list. So is being with the lovely Lauren West. Years ago, he found a unique way to bind them together. Now all he has to do is prove to her that he's the right man to spend the rest of her life with.

**Taming Alex:** Alexis has always been the wild child. She's the girl everyone always gossips about behind her back. Now that she's engaged to the town's bad boy, Travis, she finally thinks she's heading in the right direction. Then life throws a tall, dark, and good man her way and causes her whole world to shake. Grant's back in town. Helping his father with his legal practice had never been in his plan. But after trying to live in the city and deciding it wasn't for him, he wants nothing more than to settle back down in his hometown. He even buys a small farm to prove to himself that he's back to stay. After stepping in and helping the town's bad girl out one night, he starts to see beneath Alexis' act. Now all he needs to do is convince her that choosing a good guy is not always a bad thing.

**Holding Haley:** Haley has waited her whole life for Wes. They were secret sweethearts all throughout school until he shocks her by joining the military right after graduation. Heartbroken, Haley must wait until the day he comes home. But it's been five long years, and she has finally decided to move on with her life. That is, until he walks back into town, sexier than ever. Wes has had one thing on his mind since leaving town: getting back to Haley. His experiences overseas have made him realize what he almost let slip through his fingers. All he wants now is to prove to her that waiting for him was the right choice.

## Customer Reviews

I really enjoyed these books. The sisters are great characters and have a beautiful bond. Strong independent women are always great heroines in any great romance and you get a lot of that in the west series. Could use some editing and reworking as there were odd sentence and typos throughout but nothing that took too much from my over all enjoyment. I think my favorite characters from all the stories was Haley and favorite males were Reece and Ryan (couldn't pick just one guy they were all pretty great but something about the twins just clicked with me)

Jill is a great author. She can bring her characters to life while you are reading. She gave the sisters just the right amount of drama in their lives to make the stories interesting and keeping your attention. I recommend this series to read.

I thought that all three of these books involving Lauren and Chase, Alexis and Grant, and Haley and Wes were all very wholesome, likable, and believable characters. I can't really say that I had a favorite, because all three women were very strong, feisty women. And I love stories about heroines like that the most. I also loved the three strong men who able to finally tame them, or should I say tried since I'm not sure they could ever be completely tamed. lol!! I would have preferred with a little less of the sex scenes, and maybe more of a story line, but that's JMO. Other's may have a completely different opinion.

This is an unusual set of stories, I think. The three West sisters grow up on a ranch near a small Texas community. Their men also grow up in the same town, but leave and then return for various reasons. Then they have to work to earn the love of the West sisters. This is a spicy set of stories. I

have a few nit picky things that bother me about the stories, but not enough to reduce my enjoyment."Sheâ™d learned one thing in the last few years after seeing both of her sisters fall in love with great menâ "sometimes you just had to take a chance and hope everything worked out." Thought Haley.

On the plus side, I liked the characters enough to read all three books. Their stories were all similar but easy to enjoy. On the minus side, the repetition of words and phrases and phrasing. The misused words (bathing suite). So many time-line editorial gaffes (finished reading ribs, moving on to watermelon, invited Wes to sit down to dinner with them...they all ate ribs). Most of these errors were jarring, too (we'd all seen his limb, meant limp). Didn't enjoy the work of this award winning author that much that I would read more of her work.

Lauren and Chase, Alexis and Grant, and Haley and Wes were all wholesome characters. They were responsible, loyal, funny, and sexy. These are the kind of people I want as friends and neighbors. I look forward to reading Series Book 4-6.

While the story line was mostly predictable, the characters were well described to the point that it made you feel you was right there with them sharing there pain and it made their relationships more enjoyable even though you knew how it would end. In this three box books set I enjoyed Alex and Haley stories more. I enjoyed this series so much that there are seven books in this series to date and I've read all seven and I'm ready for number 8 (there has to be one for Corey). I'll definitely keep looking for additional books to this series

I currently live in east Texas, & reading this book was so much fun. I know exactly where Tyler, Tx is, have been there many times. Also the book talks about highway 59 & highway 69, I know exactly where that is. pretty awesome to read a book that you can picture the area it is taking place in because you are so familiar with it by first hand knowledge
