Customer Reviews

I must say I've been seeing the Rogue Hypnotist eBooks advertised on my kindle for a while. I confess I didn't like the cover artwork and I didn't like the title Rogue Hypnotist. Was I wrong. The Deprogramming Addiction caught my eye so I got it on kindle Unlimited for free. I listened to it on my kindle text to speech. Absolutely fantastic scripts and techniques to help with addiction. I highly recommend it to all hypnotists. What an education!

This book is set apart from the other ones in that it covers compulsions and addictions to a greater degree. This seems to be more advanced hypnotic work and i have not tried any of it yet, but the writing is solid and some of the advice is so down-to-earth that it sounds practical and workable. This might be the best book in the series, which is already very good if a little scattershot. Highly recommended.

Again a great insightful book. I would highly recommend this book and the entire series. I would suggest that one read the others in the order published. The more you know the more you will ingest and be able to use.

Extremely helpful book with lots of great ideas, approaches, metaphors, as well as doing quite a bit of myth-busting (which the RH is famous for) for taking out addictions. Great scripts and helpful

advice. HOWEVER, and this comment here pertains only to the Kindle edition, it seems to have some bugs in it. The book seems to freeze and get "hung" very, very frequently, and this despite reboots and eliminating excess books on my Kindle. I do not have this problem with other books, so perhaps there is an issue to be fixed?

This book was like a good meal, you want to keep eating, it goes down easy, and leaves you with that satisfied feeling in your stomach. I love the way the author teaches these powerful concepts in one chapter or even one page, compared to some Who could intellectualize these principles into a whole book, or weekend seminar. Super understandable, extremely practical, 'easily applied.' I've read several of his other books and "ditto" to those. You can't go wrong with all this juicy information, at such a great price. Keep writing Rogue hypnotist!

The best natural inductions are described in detail, along with parts work for addiction.

As usual the Rogue Hypnotist's work is amazing! Thank you!

I'm a fan of the Rogue Hypnotist books. First the price is incredible and his information is on point. I've been a hypnotist for over ten years and love these books
