For years, American Katherine St. Claire dreamed about a medieval Scottish laird. When the dreams seem to become more vividly real, the college professor decides to visit Duncreag, Scotland to learn more about Iain, the "occupant" of her nights. Accompanied by her brother Jeff, Katherine stays at the Duncreag Castle-Hotel. Their best friend, Assistant DA Elaine Macqueen flies to Scotland only to learn from Jeff that Katherine vanished. As Jeff and Elaine fall in love during the search for his sibling, Katherine is back in time. She and Laird Iain Mackintosh have fallen in love

and married. However, 1467 is a dangerous time due to treachery and out of control ambition. Instead of a happy ever after, Jeff knows something went wrong over five hundred years ago because the evidence has Katherine married to the wrong guy. He and Elaine are not sure how to help their beloved Katherine. Time travel romance readers will fully enjoy Dee Davis' delightful EVERYTHING IN ITS TIME. The story line is entertaining as it switches back and forth between the mid-fifteenth century and the present. The lead characters are a warm, intrepid duo while Jeff and Elaine make a darling couple. The rest of the cast provides the girth needed to make both centuries seem real. If this novel is any indication of Ms. Davis' talent, sub-genre fans can expect many entertaining works over the next decade. Harriet Klausner

Everything In Its Time is a great debut novel for Dee Davis. It hooks you from the beginning with the coming together of Ian and Catherine. He is her dream lover, and the reader is sucked into the fantasy, right along with Catherine. A mystery, a secondary love story that is engaging as the primary love story, and a climactic rescue keeps the pace fast and thrilling. The plot twists and turns and is never predictable. Thanks to Ms. Davis for writing this book.

What a wonderful treasure! Ms. Davis's book was refreshingly exciting with surprising twists and come to life vivid characters. I made the mistake of starting to read it on a work night and finished at 5:00 in the morning. I cheered the heroes, booed the villains and felt the bonds of love and family. Can't wait for her next book. I was fortunate enough to meet Ms. Davis and have her sign my book for me. Her gracious warmth and her love of writing have me looking forward with anticipation to her next book (which is supposed to come out around February).

This book has some great storytelling. You'll get lost in Katharine and Ian's world. I found myself reading page after page, without taking any breaks. There was not only good character development but good flow in the plot as well. I know I'll find myself rereading it again. This one's a keeper!

I read a lot of romance books and have gotten a bit bored. But this gripped me from the beginning with its unpredictability and wonderful story line. I ached with the characters and, 2 days later, I am still thinking about them. I thought it was fabulous! Definitely a book I will keep and re-read over and over.

This book had a really slow start for me. I almost gave up but kept reading since I had nothing better to read at the moment. It got a lot more interesting in the middle as the characters developed. I liked that the author had interesting secondary characters in their own story line. However, she never really developed any characters or story as much as I would have liked. Still once you get past the slow beginning this is a good book for a day at the beach. If you're expecting an epic tale of time travel or romance 'ala Diana Gabaldon you are probably going to be disappointed. This is not the heavy read that that series is (which after the first three I found tiresome). This is more of a quick to moderate read for a relaxing day.

I really liked this book. It was a great time travel book. The main characters were believable and I really liked how they brought characters from both times for us to get to know. I'm hooked and will be ordering the next book in the series.

I admit that I love time-travel romance, and this book was a dandy. It has everything: a beautiful heroine, a Scottish hero, gorgeous descriptions, humor, suspense, love, betrayal, suspense, guilt, hope, and wonderful secondary characters. I don't like reading reviews that outline the book, so I won't write a summary, but I will say that I stayed up until the wee hours of the morning to finish it. Now I am going to shop for more books by Dee Davis. I like her style.
