# Scientology: A New Slant On Life (English)

## Synopsis

**SYNOPSIS:** Scientology essentials for every aspect of life. Basic answers that put you in charge of your existence, truths to consult again and again: Is It Possible to Be Happy?, Two Rules for Happy Living, Personal Integrity, The Anti-Social Personality and many more. In every part of this book you will find Scientology truths that describe conditions in your life and exact ways to improve them. **FULL DESCRIPTION:** The materials of Scientology comprise the greatest accumulation of knowledge ever assembled on the mind, spirit and life. Through more than a hundred books and publications, thousands more articles and essays, and over 3,000 recorded lectures, the works of L. Ron Hubbard embrace virtually every aspect of living. Here, then, is Scientology: A New Slant on Life, containing a timeless selection of Mr. Hubbard's discoveries drawn from the full wealth of his writings and each one presenting a broad, yet comprehensive overview of Scientology applied to a specific aspect of existence—and, in combination, providing the panoramic overview of life itself. Here are the answers to questions Man has sought through the ages; here are practical answers you hoped could be found somewhere; here are answers that work. Is It Possible to Be Happy? Personal Integrity Man's Search for His Soul On Our Efforts for Immortality The Eight Dynamics that comprise life itself The Affinity, Reality and Communication Triangle providing the components for interpersonal relationships Handling the Confusions of the Workaday World Marriage How to Live with Children What Is Greatness? The Two Rules for Happy Living Anti-Social and Social Personalities The Third Party Law revealing the cause of conflict Honesty and Ethics My Philosophy, L. Ron Hubbard's personal statement on what motivated his life's work and the quest for Scientology Here, then, are essentials for living, real solutions that work in the here and now, truths to consult again and again.

## Customer Reviews

This was one of the first books I read on the subject of Scientology, along with *Scientology: The Fundamentals of Thought* (English), they both gave me enough information on the subject of Scientology, to determine it a something worth devoting my life to studying. Several Topics Include: \*Is It Possible to Be Happy? \*Man's Search for His Soul \*Two Rules for Happy Living \*Happiness and Interest \*How to Live with Children \*On Marriage \*The Anatomy of Failure \*Confronting \*Professionalism \*Past, Present and Future \*Playing the Game \*Records of the Mind Are Permanent \*The Race Against Man's Savage Instincts \*Justice \*What Is Knowledge? \*Man from Mud \*The Psychiatrist at Work \*Honest People Have Rights, Too \*What Is Greatness? I would suggest this book to anyone who wants a peak inside the Scientology philosophy.

This book is so easy to understand ! I read *Dianetics* and it's not the easiest book to read, it requires a lot of concentration. This book has short chapters, and everything I read just makes so much sense. I think anyone should really read this book. If you're curious about Scientology, this is the book that will give you answers for sure.

The new slant on life is one of my favorite books by Mr. Hubbard. It has such a pleasantly inspiring way of explaining the simple truths that make life worth living. If I am feeling out of sorts I start reading this book and in no time at all I am feeling good again. I recommend you read this book and keep it by your bedside to pick up frequently. The more I read it the more I like it. Few books are like this. One's that are become classics to be handed down the generations. Our children need this information. Don't miss out on the beautiful wisdom shared by one of this century's most admired humanitarians.

The reason I bought this book is to participate in the extension programs that Scientology offers. I find you get more out of books like this and can understand them better. I have also taken two other courses as well and found them both interesting. This book is also a rewrite of a previous edition and several corrections were made so it is more easily understood. After reading most of the book I find it most helpful in further explaining and answering questions about dianetics and Scientology. I

feel it is one of their key books not to miss!!

This is the perfect book to read for inspiration. If you need to be uplifted then reading this book will do the trick. It will help change your perspective on life to a healthier and more positive outlook. Makes the perfect gift for someone who maybe struggling with depression, loss or grief.

This book is a great read; if you're looking for some simple answers to complex questions about life, this is for you. Very well written and the layout of the book (in terms of print and so on) is very professional and user friendly. Would recommend.

This is a great book for newcomers to Scientology and oldtimers alike. I use it all the time and often refer my clients to it. You have heard much about Scientology. This is what it is really about, the basic philosophy of it. You are in for some surprises. This is not philosophy one reads about in college and forgets. This is very useful data about the basics of life that you can actually USE. I challenge anyone to honestly read this, apply it and not have their lives markedly improve. I don't think it can be done. Let me know what you get out of it.

This book really opens your eyes and give you so much information. You really step away from this book with a new look at things and an understanding of life, it's quite powerful!
