Mission Most Mysterious (Avanti Chronicles Book 7)

Synopsis

The Avanti are bored. On a rare and treasured break from all the chaos, Bray decides to embark on a mission most mysterious. Tate has always been known for the practical jokes he plays on his teammates and friends. It's time for some revenge. This time, the tables are turned and Tate doesn't know what's about to hit him. Faced with confronting his worst fears, Tate struggles to make sense of the odd happenings around him. He swears not only are there ghosts in the palace, but they are out to get him. Revenge is sweet, but the Avanti know that if Tate figures out what they are up to, there will be hell to pay. Still, watching him get a taste of his own medicine makes the risks worthwhile. With his sanity on the line, Tate battles with everything in him to combat Bray's mission most mysterious.

Customer Reviews

We are so used to seeing the Avanti serious and trying to get out of one problem or another, but this book we get a chance to see them take a break and have some fun. Tate is always causing trouble, being the prankster, well this time it's great to see it come right back on him. While I feel for him since they used his fears against him, I loved watching him get what he has coming. I laughed so hard at what these men get up to. It's also nice to see the Avanti relaxed and enjoying friend and

family time. It's great to revisit old friends and also to see hints of what is yet to come. This was an amazing fun read. I can't recommend it enough.

My goodness I LOVE this series!! Hannah Walker is an amazing Author. With the perfect blend of friendship, humor, love and family, she has created a world I would gladly live in! Plus, we finally get to see Tate get his!!! Bwahahahahaha

Such a happy Avanti read!! It was nice to laugh with our favorite guys a bit and get away from the seriousness for a short while, but with that said I'm ready to dive right into the next book.

Funny, sweet, and hilarious. All without the normal clan fighting. It was a great break from all of normal warfare these guys have to deal with.
